Welcome to Orlando International Airport  
(MCO)

Flight Arrival Guide

# Welcome to Orlando International Airport (MCO)

Domestic passengers will leave the aircraft via a jetway which takes you into a gate area in an Airside Terminal that is separated from the Main terminal. Facilities including restrooms, shops, restaurants, ATM's and telephones can be found in this area.

1

To reach the Main Terminal, follow directions on the overhead signage to the shuttle station which is located in the center of the Airside Terminal.

2

The Main Terminal, (A-Side and B-Side) is open to the public as well as to arriving and departing passengers. It is where the airline ticket counters, baggage claim, tour operators, rental cars, shops, restaurants, hotels, currency exchange and ground transportation can be found.

3

The shuttle doors will automatically open when it is time for you to board.

The journey to the Main Terminal (A-Side or B-Side) takes just over one minute. As the train transports you, observe the signage and listen to the instructions directing you to either Baggage Claim A or Baggage Claim B. The shuttle will arrive on Level 3 of the Main Terminal.

4

5

Once you are inside the Main Terminal, look for the large letters depicting Baggage Claim A or Baggage Claim B.

6

To retrieve checked baggage, take the stairs, escalator or elevator down to the Arrivals/Baggage Claim on Level 2. Check the monitors to determine the correct carousel for your flight.

Curbside pick-up by private car and ride shares are on the Arrivals/Baggage Claim Level (Level 2).

Rental Cars, Economy (Satellite) Parking Shuttles, Taxis, Express Pick-Up, Shuttle Vans, Resort Transportation, and Buses are on Ground Transportation Level (Level 1).
