

**AMENDMENT 1 to ADDENDUM NO. 24
TO THE AGREEMENT DATED SEPTEMBER 8, 2017
BETWEEN GREATER ORLANDO AVIATION AUTHORITY
AND MATERN PROFESSIONAL ENGINEERING, INC.**

Project: Additional FY23 On-Call Mechanical, Electrical, and Plumbing System Review and Master One-Line Diagram Update Services, Orlando International Airport

THIS AMENDMENT is effective this 15th day of March, 2023, by and between the **GREATER ORLANDO AVIATION AUTHORITY** (“Authority”), and **MATERN PROFESSIONAL ENGINEERING, INC.** (“Consultant”).

WITNESSETH:

WHEREAS, by Agreement dated September 8, 2017, Authority and Consultant entered into an agreement for Consultant to provide Continuing MEP Engineering consulting services; and

WHEREAS, under the Agreement, Consultant agreed to perform such additional services for the Authority as are contained in any additional scope of work established by the Authority in any addendum to the Agreement and accepted in writing by the Consultant; and

WHEREAS, the Authority and the Consultant desire to enter into this Amendment to the Agreement to provide for additional services to be rendered by the Consultant under the terms of said Agreement.

NOW, THEREFORE, in consideration of the premises and the mutual covenants herein contained, the Authority and the Consultant do hereby agree as follows:

1. Consultant shall perform additional services in accordance with the terms of the Agreement and the attached Exhibit “A.” Consultant shall be paid for such additional services according to the payment terms set forth in the Agreement.
2. Consultant shall be compensated for such additional services in the **NOT TO EXCEED** amount of **FIFTY-NINE THOUSAND NINE HUNDRED FORTY AND NO/100 DOLLARS (\$59,940.00)**, broken down as follows:

Professional Fees:	NTE:	\$59,940.00
Professional Fees:	LS:	\$0.00
Reimbursable Expenses:	NTE:	<u>\$0.00</u>
Total:		\$59,940.00

3. Except as expressly modified in this Amendment, the Agreement dated September 8, 2017 and all prior addenda will remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto by their duly authorized representatives, have executed this Addendum this day of Mar 21, 2023_____.

MEMORANDUM

TO: Members of the Procurement Committee

FROM: Tuan Nguyen, Manager of Engineering
(Prepared by Alex Sorondo)

DATE: February 28, 2023

ITEM DESCRIPTION

Request for Recommendation of Approval of an Amendment to Addendum 24 to the Continuing MEP Engineering Consultant Services Agreement with Matern Professional Engineering, Inc. (MPE) to provide Additional FY2023 On-Call Mechanical, Electrical and Plumbing System Review and Master One-Line Diagram Update Services at the Orlando International Airport

BACKGROUND

In 2017, the firms providing Continuing Mechanical, Electrical and Plumbing (MEP) Engineering Services were selected through a competitive award process. These services are procured on an as-needed or annual basis.

On August 16, 2017, the Aviation Authority Board approved a Continuing MEP Engineering Consultant Services Agreement with the following firms:

- Matern Professional Engineering, Inc.
- C&S Engineers, Inc.
- SGM Engineering, Inc.
- RTM Engineering Consultants, LLC
- Graef-USA, Inc.

These no-cost base agreements established the negotiated hourly rates. The services may include the performance of MEP engineering and related professional services, including, but are not limited to, mechanical, electrical and plumbing design; fire protection engineering; security and systems design; structural design; utility and infrastructure cost estimating; scheduling and any associated architecture and all other related services including coordination with the Aviation Authority, its consultants, the City of Orlando and all agencies having jurisdiction over the Orlando International and Orlando Executive Airports. The services may also include studies and preparation of reports involving scope definition and validation of projects, analysis of design parameters, budget development, evaluation and documentation of existing conditions; design, bid/procurement and award, design/build, permitting, documents prepared by others, design management support on various Aviation Authority projects and all other engineering and related professional services which may be required where the Aviation Authority elects not to solicit letters of interest by means of public advertisement.

ISSUES

On September 27, 2022, the Construction Committee approved Addendum 24 in the amount of \$50,000.00 to the above-referenced agreement. Since that time, it has been discovered that additional on-call services are required by the various departments, as furthered described in Consultant's proposal, dated February 1, 2023. It is recommended that a performance bond not be required for these since these are on-call professional services.

If approved, these services would be effective the date of Aviation Authority Board approval.

The MWBE/LDB/VBE participation has been reviewed by the Office of Small Business Development (OSBD). The findings and recommendation are attached.

ALTERNATIVES

None.

FISCAL IMPACT

The fiscal impact is \$59,940.00. Funding is from previously approved Operation and Maintenance (O&M) Funds.

RECOMMENDED ACTION

It is respectfully requested that the Procurement Committee recommend to the Aviation Authority Board approval of an Amendment to Addendum 24 to the Continuing MEP Engineering Consultant Services Agreement with Matern Professional Engineering, Inc. for the services contained herein and the amount as shown below:

Not-to-Exceed Fees	\$59,940.00
Lump Sum Fees	\$0.00
Not-to-Exceed Expenses	\$0.00
TOTAL	\$59,940.00
AAC – Compliance Review Date	<i>JSS</i> 2/13/23
AAC – Funding Eligibility Review Date	2/14/23

MEMORANDUM

To: Members of the Procurement Committee

From: Edelis Molina, Sr. Small Business Administrator

Date: February 28, 2023

Re: Request for Recommendation of Approval of an Amendment to Addendum 24 to the Continuing MEP Engineering Consultant Services Agreement with Matern Professional Engineering, Inc. (MPE) to provide Additional FY2023 On-Call Mechanical, Electrical and Plumbing System Review and Master One-Line Diagram Update Services at the Orlando International Airport

We have reviewed the qualifications of the subject contract's MWBE/LDB/VBE specifications and determined that, due to the on-call nature of the services to be provided, Matern Professional Engineering, Inc. (MPE) does not propose small business participation on this amendment.

Our analysis indicates that Matern Professional Engineering, Inc. (MPE) is eligible for award of the subject amendment.

Re: MCO-Mechanical, Electrical and Plumbing Operations and Consulting Support Services
2023-001

Dear Mr. Nguyen,

Attached is our proposal for Mechanical, Electrical and Plumbing Operations and Support Services for the scope described below. Our original fee is exhausted. The amount we are requesting is to replenish the On-call funding for future tasks.

1. General Description of Project Scope and Fee

- 1.1 Operations and Support Services for a period of one year starting March 15, 2023 and ending September 30, 2023.
- 1.2 Provide on-call mechanical, electrical, and plumbing (MEP) review and electrical design and installation review services to Planning, Engineering, Construction, Information Technology (IT), and Maintenance departments in coordinating north and south terminal MEP and IT work. The services include tenant project design reviews, response to Maintenance requests for field assessments of existing conditions, permit plan development for IT low voltage installations, and assistance in the coordination of north and south terminal project electrical design services and installations at the Orlando International Airport.
- 1.3 Provide assessment and design or scope review to ensure that various small projects, tenant and GOAA, are coordinated with existing electrical distribution systems.
- 1.4 Update master one line diagram for North Terminal Complex (NTC) as required.
- 1.5 Provide on-call coordination with electrical systems manager for electrical projects initiated by their department.
- 1.6 Provide on-call coordination with GOAA IT manager for IT projects initiated by their department.
- 1.7 Estimating. Provide estimating input as required.

Greater Orlando Aviation Authority
February 1, 2023

Proposed Additional Not To Exceed Fee:	
MEP	\$59,940
Proposed Reimbursables	<u>\$0.00</u>

Thank you for the opportunity to propose our services for this project.

Sincerely,

MATERN PROFESSIONAL ENGINEERING, INC.

Thomas Croff

TRUTH IN NEGOTIATION CERTIFICATION

The Consultant hereby certifies, covenants, and warrants that wage rates and other factual unit costs supporting the compensation for this project's agreement are accurate, complete, and current at the time of contracting.

The Consultant further agrees that the original agreement price and any additions thereto shall be adjusted to exclude any significant sums by which the Greater Orlando Aviation Authority determines the agreement price was increased due to inaccurate, incomplete, or noncurrent wage rates and other factual unit costs. All such agreement adjustments shall be made within one (1) year following the end of the contract. For purposes of this certificate, the end of the agreement shall be deemed to be the date of final billing or acceptance of the work by the Greater Orlando Aviation Authority, whichever is later.

GREATER ORLANDO AVIATION AUTHORITY

Orlando International Airport
One Jeff Fuqua Boulevard
Orlando, Florida 32827-4392

MEMORANDUM

TO: Members of the Aviation Authority

FROM: Kathleen M. Sharman, Interim Chair, Procurement Committee/Chief Financial Officer

DATE: March 15, 2023

ITEM DESCRIPTION

Recommendation of the Procurement Committee to Approve an Amendment to Addendum No. 24 to the Continuing Mechanical, Electrical and Plumbing (MEP) Engineering Consulting Services Agreement with Matern Professional Engineering, Inc. for Additional Fiscal Year (FY) 2023 On-Call MEP System Review and Master One-Line Diagram Update Services at the Orlando International Airport

BACKGROUND

In 2017, the firms providing Continuing Mechanical, Electrical and Plumbing (MEP) Engineering Services were selected through a competitive award process. These services are procured on an as-needed or annual basis.

On August 16, 2017, the Aviation Authority Board approved a Continuing MEP Engineering Consulting Services Agreement with the following firms:

- C&S Engineers, Inc.
- Graef-USA, Inc.
- Matern Professional Engineering, Inc.
- RTM Engineering Consultants, LLC (*MWBE*)
- SGM Engineering, Inc. (*MWBE/LDB*)

These no-cost base agreements established the negotiated hourly rates. The services may include the performance of MEP engineering and related professional services, including, but are not limited to, mechanical, electrical and plumbing design; fire protection engineering; security and systems design; structural design; utility and infrastructure cost estimating; scheduling and any associated architecture and all other related services including coordination with the Aviation Authority, its consultants, the City of Orlando and all agencies having jurisdiction over the Orlando International and Orlando Executive Airports. The services may also include studies and preparation of reports involving scope definition and validation of projects, analysis of design parameters, budget development, evaluation and documentation of existing conditions; design, bid/procurement and award, design/build, permitting, documents prepared by others, design management support on various Aviation Authority projects and all other engineering and related professional services which may be required where the Aviation Authority elects not to solicit letters of interest by means of public advertisement.

Addenda Nos. 1 through 25, and applicable amendments, to the Continuing MEP Engineering Consulting Services Agreement with Matern Professional Engineering, Inc. have been approved by the Construction Committee. A summary of these approvals is provided as an attachment to this memorandum.

Since January 1, 2023, non-project specific services are now submitted to the Procurement Committee (PC) for approval. Per the Aviation Authority's Policy 450.04, the Aviation Authority Board must approve

all agreement addenda and applicable amendments that result in the value of any agreement being increased, in the aggregate, by \$250,000 or more over the agreement value.

ISSUES

A fee has been negotiated for an Amendment to Addendum No. 24 to the Continuing MEP Engineering Consulting Services Agreement with Matern Professional Engineering, Inc. for a total amount of \$59,940, to provide Additional On-Call MEP System Review and Master One-Line Diagram Update Services at the Orlando International Airport, as required by various Aviation Authority departments. These services include, but are not limited to, tenant project design reviews, responses to the Facilities Department requests for field assessments of existing conditions, permit plan development for Information Technology low voltage installations, assistance in the coordination of north and south terminal project electrical design services and installations, and other related services at the Orlando International Airport. Many small tenant and Aviation Authority projects require an assessment and design or scope review to ensure these projects are coordinated with existing electrical distribution systems. The additional scope of services includes, but is not limited to, an update to the Master One-Line Diagram for the North Terminal Complex following the completion of various electrical projects, and includes on-call coordination with the Facilities Electrical Systems Manager for electrical projects. Services will be provided through September 30, 2023.

On February 28, 2023, the Procurement Committee recommended approval of Amendment to Addendum No. 24 to the Continuing MEP Engineering Consulting Services Agreement with Matern Professional Engineering, Inc. for Additional FY 2023 On-Call MEP System Review and Master One-Line Diagram Update Services at the Orlando International Airport, as outlined in the memorandum.

As this amendment to Addendum No. 24 will result in an aggregate increase to the Aviation Authority's Agreement with Matern Professional Engineering, Inc. exceeding \$250,000, Aviation Authority Board approval is required.

SMALL BUSINESS

The Aviation Authority has reviewed the proposal from Matern Professional Engineering, Inc., and determined that Matern Professional Engineering, Inc. does not propose any small business participation due to the on-call nature of the services and certifies that Matern Professional Engineering, Inc. is in good standing as it relates to its small business participation.

ALTERNATIVES

None.

FISCAL IMPACT

The fiscal impact is \$59,940. Funding is from previously-approved Operations and Maintenance Funds.

RECOMMENDED ACTION

It is respectfully requested that the Aviation Authority Board resolve to accept the recommendation of the Procurement Committee and approve an Amendment to Addendum No. 24 to the Continuing MEP Engineering Consulting Services Agreement with Matern Professional Engineering, Inc. for Additional FY 2023 On-Call MEP System Review and Master One-Line Diagram Update Services at the Orlando International Airport, for the total not-to-exceed fee amount of \$59,940, with funding from previously-approved Operations and Maintenance Funds; and, (3) authorize an Aviation Authority Officer or the Chief Executive Officer to execute the necessary documents following satisfactory review by legal counsel.
