Request for Recommendation to the Aviation Authority Board to Award Invitation for Bid 24-320-IFB, Pest Control Services to Home Paramount Pest Control

BACKGROUND

On March 3, 2024, the Aviation Authority issued an Invitation for Bid 24-380-IFB for Pest Control Services. All bids from the solicitation were rejected by the Procurement Committee on April 23, 2024. Procurement Services and Facilities staff reviewed the responses submitted for Pest Control Services, due to the disparities with the two bids, thought adding additional language to the Scope of Work and clarity with the pricing requirements would ensure bidders are clear in the expectations of required services.

On April 30, 2024, the Aviation Authority issued an Invitation for Bid 24-320-2 IFB for Pest Control Services. The term of the Contract will be for five years with initial service to commence on or about September 1, 2024.

The contractor shall provide all labor, supervision, materials, tools, equipment, supplies, chemicals, product data, and incidentals for the effective eradication and control of pests, including, but not limited to, insects and rodents which are normally considered to be a nuisance or which pose potential hazard to human health and all other items necessary or proper for, or incidental to, performing pest control services at the Orlando International Airport ("MCO") and the Orlando Executive Airport ("ORL") in accordance with the Contract documents.

Grow Care Outdoor Solutions	\$2.178,058.43
McCall Service NW, LLC	\$3,474,225.00

Staff's review of the three lowest respondents' submissions found the respondents were responsive and responsible to the bid requirements. Therefore, Staff recommends awarding Home Paramount Pest Control, as the lowest responsive and respondent for services.

The amount paid to the Contractor is based on actual work requested, performed, and approved by the Aviation Authority, based on the daily prices for each area listed and the hourly rate for additional services in accordance with the Contract documents.

SMALL BUSINESS

The Small Business Department reviewed the scope of the above referenced solicitation and did not recommend a small business participation goal due to the limited scope and the lack of certified small business firms that are ready, willing, and able to participate.

ITEM DESCRIPTION

Request for Recommendation to the Aviation Authority Board for Approval of an Amendment to Addendum No. 8 to the Continuing Program and Project Management Services Agreement with Cost Management Inc. dba CMI (CMI) for Additional FY 2024 Small Projects Owner's Authorized Representative (OAR) Support Services at the Orlando International Airport (MCO) and Other Facilities operated by the Aviation Authority

BACKGROUND

- Cost Management Inc. dba CMI (MWBE)
- Geotech Consultants International, Inc. dba GCI, Inc. (MWBE)
- PSA Constructors, Inc. dba PSA Management, Inc. (MWBE/LDB)
- The Roderick Group, Inc. dba Ardmore Roderick (MWBE)
- WSP USA, Inc.

These no-cost base agreements established the negotiated hourly rates. These services include all services necessary for the management of the design and construction of both individual projects and programs consisting of two or more individual projects, including the management of design from planning and conceptual design phase through detailed design, bidding and award of construction contracts; development of design criteria documents, and management of design/build contracts; management of the construction and commissioning of projects including performing as the OAR; providing material testing, quantity surveying, construction inspection, construction safety compliance inspection, and other services required to verify compliance of construction with contract documents; providing cost estimating, cost control, scheduling, progress reporting, and planning services to support both design and construction activities; negotiations of contracts for program and project related professional and construction services required from the Aviation Authority's other consultants and contractors; coordination of the activities of multiple consultants and contractors onsite; and all other related services, which may be required to accomplish the planning, funding, design, bidding and award, construction, commissioning and operation of projects and programs for the Aviation Authority's existing and future facilities.

On August 29, 2023, the Procurement Committee approved Addendum No. 8 to the Continuing Program and Project Management Services Agreement with CMI for FY 2024 Small Projects OAR Support Services at MCO and Other Projects operated by the Aviation Authority for the total not-to-exceed fees amount of \$89,776.00.

ISSUES

Consultant's proposal, dated July 11, 2024, is to provide additional construction project management, project controls, construction administration and construction coordination services in support of FY 2024 small projects at MCO and other facilities operated by the Aviation Authority.

Services cannot commence before the date of Aviation Authority Board approval. The approved addendum (or amendment as applicable) must be executed by the Aviation Authority before invoicing for services. Services will be provided through September 30, 2024.

FISCAL IMPACT
