Re: Request for Recommendation of Approval to the Aviation Authority Board of an Addendum to the Continuing Program and Project Management Services Agreement with AECOM Technical Services, Inc. for Fiscal Year (FY) 2024 Staff Extension Support Services for Project Controls at the Orlando International Airport.

We have reviewed the qualifications of the subject contract's MWBE/LDB/VBE specifications and determined that AECOM Technical Services, Inc. does not propose small business participation on this addendum as the services being provided are onsite staffing support.

Our analysis indicates that AECOM Technical Services, Inc. is eligible for award of the subject addendum.

ISSUES

Per the Aviation Authority's Policy 450.04, the Aviation Authority Board must approve all contract addenda and applicable amendments that result in the value of any contract being increased, in the aggregate, by \$250,000 or more over the contract value. The Procurement Committee has recommended approval of addenda to the above-referenced agreement, as follows:

- An Addendum for FY 2024 Staff Extension Support Services for Project Controls at the Orlando International Airport, for the total not-to-exceed fee amount of \$169,088, with funding from Operations and Maintenance Funds (subject to adoption by the Aviation Authority Board of the FY 2024 Aviation Authority Budget, under separate item). Services will include, but are not limited to, performing specialized and advanced administrative functions and public meeting assignments, and maintaining records and minutes for various Aviation Authority Sunshine Committees, such as the Construction Committee and Procurement Committee, ensuring compliance with state statutes and Aviation Authority policies and procedures. These services will be provided from October 1, 2023, through September 30, 2024. The Aviation Authority has reviewed the proposal from AECOM Technical Services, Inc., and determined that AECOM Technical Services, Inc. does not propose any small business participation on this addendum as the services being provided are onsite staffing support. The Small Business Department certifies that AECOM Technical Services, Inc. is in good standing as it relates to its small business

participation as required on previously contracted services. *[Reference PC Meeting held August 22, 2023, Agenda Item No. IV-B].*

- An Addendum for FY 2024 Staff Extension Support Services for Construction Finance at the Orlando International Airport, for the total not-to-exceed fee amount of \$161,504, with funding from Operations and Maintenance Funds (subject to adoption by the Aviation Authority Board of the FY 2024 Aviation Authority Budget, under separate item). Services will include, but are not limited to, performing specialized and advanced administrative functions and public meeting assignments, and maintaining records and minutes for various Aviation Authority Sunshine Committees, such as the Construction Committee and Procurement Committee, ensuring compliance with state statutes and Aviation Authority policies and procedures. These services will be provided from October 1, 2023, through September 30, 2024. The Aviation Authority has reviewed the proposal from AECOM Technical Services, Inc., and determined that AECOM Technical Services, Inc. does not propose any small business participation on this addendum as the services being provided are onsite staffing support. The Small Business Department certifies that AECOM Technical Services, Inc. is in good standing as it relates to its small business participation as required on previously contracted services. *[Reference PC Meeting held August 29, 2023, Agenda Item No. IV-B].*

In addition, the Construction Committee recommended approval of an addendum to the above-referenced agreement, as follows:

- An Addendum for FY 2024 Project Management/Oversight Support Services for Tenant/Concessions Projects at the Orlando International Airport, for the total not-to-exceed fee amount of \$1,062,720, with funding from previously-approved Capital Expenditure Funds and Operations and Maintenance Funds (subject to adoption by the Aviation Authority Board of the FY 2024 Aviation Authority Budget, under separate item). Coordination and oversight support services of the tenant/concessions projects are required. These project management services include, but are not limited to, construction project management, project control, contract administration, inspection services, review of drawings, monitoring of the tenant/concessions projects, and maintenance of project progress tracking. These services will be provided from October 1, 2023, through September 30, 2024. The Aviation Authority has reviewed the proposal from AECOM Technical Services, Inc., and determined that AECOM Technical Services, Inc. proposes 96% Minority and Women Business Enterprise (MWBE) participation on this addendum, and certifies that AECOM Technical Services, Inc. is in good standing as it relates to its small business participation. *[Reference CC Meeting held September 12, 2023, Agenda Item No. IV-G].*

As these addenda will result in an aggregate increase to the Aviation Authority's Agreement with AECOM Technical Services, Inc. exceeding \$250,000, Aviation Authority Board approval is required, as outlined in the memorandum.

SMALL BUSINESS

Individual small business participation is included for each of the addenda listed above.

ALTERNATIVES

None.

FISCAL IMPACT

The fiscal impact is \$1,393,312. Funding is from previously-approved Capital Expenditure Funds, and Operations and Maintenance Funds (subject to adoption of the FY 2023 Aviation Authority Budget by the Aviation Authority Board under separate item).
