BACKGROUND

In 2022, the firms providing Continuing Program and Project Management Services were selected through a competitive award process. These services are procured on an as-needed or annual basis.

On May 18, 2022, the Aviation Authority Board approved a Continuing Program and Project Management Services Agreement with each of the following firms:

- AECOM Technical Services, Inc.

- Geotech Consultants International, Inc. dba GCI, Inc. (MWBE)
- PSA Constructors, Inc. dba PSA Management, Inc. (MWBE/LDB)
- The Roderick Group, Inc. dba Ardmore Roderick (MWBE)
- WSP USA, Inc.

These no-cost base agreements established the negotiated hourly rates. These services include all services necessary for the management of the design and construction of both individual projects and programs consisting of two or more individual projects, including the management of design from planning and conceptual design phase through detailed design, bidding and award of construction contracts; development of design criteria documents, and management of design/build contracts; management of the construction and commissioning of projects including performing as the Owner's Authorized Representative (OAR); providing material testing, quantity surveying, construction inspection, construction safety compliance inspection, and other services required to verify compliance of construction with contract documents; providing cost estimating, cost control, scheduling, progress reporting, and planning services to support both design and construction activities; negotiations of contracts for program and project related professional and construction services required from the Aviation Authority's other consultants and contractors; coordination of the activities of multiple consultants and contractors onsite; and all other related services, which may be required to accomplish the planning, funding, design, bidding and award, construction, commissioning and operation of projects and programs for the Aviation Authority's existing and future facilities.

ISSUES

Consultant’s proposal, dated July 23, 2024, is to provide FY2025 Staff Extension Support Services for Project Controls. These services include but are not limited to performing specialized and advanced administrative functions and public meeting assignment.

The cumulative contract value of all addenda/amendments since the last approval by the Aviation Authority Board for the Continuing Program and Project Management services Agreement with AECOM Technical Services, Inc. exceeds the \$250,000 threshold; thus, this agenda item requires Board approval.

MEMORANDUM

TO: Members of the Aviation Authority

FROM: Marquez A. Griffin, Chair, Procurement Committee

DATE: September 18, 2024

ITEM DESCRIPTION

Recommendation of the Procurement Committee to Approve Multiple Addenda to the Continuing Program and Project Management Services Agreement with AECOM Technical Services, Inc. (AECOM) at the Orlando International Airport (MCO)

BACKGROUND

On May 18, 2022, the Aviation Authority Board approved Continuing Program and Project Management Services Agreements with the following firms, following a competitive award process in compliance with state statutes and Aviation Authority policies:

- AECOM Technical Services, Inc.
- Cost Management, Inc. dba CMI (*MWBE*)
- Geotech Consultants International, Inc. dba GCI, Inc. (*MWBE*)
- PSA Constructors, Inc. dba PSA Management, Inc. (*MWBE/LDB*)
- The Roderick Group, Inc. dba Ardmore Roderick (*MWBE*)
- WSP USA, Inc.

The agreements are structured as a no-cost base agreement with negotiated hourly rates. Services that are within the advertised scope are negotiated on an as-needed or annual basis, and awarded as addenda to the base agreement. The terms of the agreements shall be for a period of three years with optional renewal periods of two additional one-year terms, to be exercised at the discretion of the Aviation Authority and accepted by both parties.

Scope includes all services necessary for the management of the design and construction of both individual projects and programs, consisting of two or more individual projects, including the management of design from planning and conceptual design phase through detailed design, bidding and award of construction contracts; development of design criteria documents, and management of design/build contracts; management of the construction and commissioning of projects, including performing as the Owner's Authorized Representative (OAR); providing material testing, quantity surveying, construction inspection, construction safety compliance inspection, and other services required to verify compliance of construction with contract documents; providing cost estimating, cost control, scheduling, progress reporting, and planning services to support both design and construction activities; negotiations of contracts for program and project related professional and construction services required from the Aviation Authority's other consultants and contractors; coordination of the activities of multiple consultants and contractors onsite; and all other related services, which may be required to accomplish the planning, funding, design, bidding and award, construction, commissioning and operation of projects and programs for the Aviation Authority's existing and future facilities.

A summary of previously-approved addenda, and applicable amendments, to the Continuing Program and Project Management Services Agreement with AECOM can be provided upon request.

ISSUES

Per the Aviation Authority's Policy 450.04, the Aviation Authority Board must approve all contract addenda and applicable amendments that result in the value of any contract being increased, in the aggregate, by \$250,000 or more over the contract value. The Procurement Committee (PC) recommended approval of the addenda to the above-referenced agreement, as follows:

- Fiscal Year (FY) 2025 Staff Extension Support Services for Project Controls at MCO, for the total not-to-exceed fees amount of \$173,120, with funding from Operations and Maintenance Funds (subject to adoption of the FY 2025 Aviation Authority Budget by the Aviation Authority Board, under separate item). Services will include, but are not limited to, performing specialized and advanced administrative functions and public meeting assignments, and maintaining records and minutes for various Aviation Authority Sunshine Committees, such as the Construction Committee, ensuring compliance with state statutes and Aviation Authority policies and procedures. These services will be provided from October 1, 2024, through September 30, 2025. The Aviation Authority has reviewed the proposal from AECOM, and determined that AECOM does not propose any small business participation on this addendum as the services being provided are onsite staffing support. The Small Business Development Department certifies that AECOM is in good standing as it relates to its small business participation on those addenda on which small business participation is required in its professional services agreement. *[Reference PC Meeting held August 13, 2024, Agenda Item No. 4-A].*
- FY 2025 Project Management/Oversight Support Services for Tenant/ Concessions Projects at MCO, for the total not-to-exceed fees amount of \$554,160, with funding from Operations and Maintenance Funds (subject to adoption of the FY 2025 Aviation Authority Budget by the Aviation Authority Board, under separate item). Coordination and oversight support services of the tenant/ concessions projects are required. These project management services include, but are not limited to, construction project management, project control, contract administration, inspection services, review of drawings, monitoring of the tenant/concessions projects, and maintenance of project progress tracking. These services will be provided from October 1, 2024, through March 31, 2025. The Aviation Authority has reviewed the proposal from AECOM, and determined that AECOM proposes 99% Minority and Women Business Enterprise (MWBE) participation on this addendum, and certifies that AECOM is in good standing as it relates to its small business participation. *[Reference PC Meeting held September 3, 2024, Agenda Item No. 3-Z].*
- FY 2025 Project Management Services Technology Projects at MCO, for the total not-to-exceed fees amount of \$149,970, with funding from Operations and Maintenance Funds (subject to adoption of the FY 2025 Aviation Authority Budget by the Aviation Authority Board, under separate item). Services include, but are not limited to, performing specialized and advanced technology OAR support services, field inspection and oversight of low voltage systems activities, scheduling and purchasing of Information Technology (IT) procurement items, and systems Quality Assurance/Quality Control support services for IT network, fire alarm and safety, and communications rooms. Services will be provided from October 1, 2024, through September 30, 2025. The Aviation Authority has reviewed the proposal from AECOM, and determined that AECOM does not propose any small business participation on this addendum and certifies that AECOM is in good standing as it relates to its small business participation on those addenda on which small business participation is required in its professional services agreement. *[Reference PC Meeting held September 3, 2024, Agenda Item No. 3-Y].*

As these addenda will result in an aggregate increase to the Aviation Authority's Agreement with AECOM exceeding \$250,000, Aviation Authority Board approval is required.

SMALL BUSINESS

Individual small business participation is included for each of the addenda listed above.

ALTERNATIVES

None.

FISCAL IMPACT

The fiscal impact is \$877,250. Funding is from Operations and Maintenance Funds (subject to adoption of the FY 2025 Aviation Authority Budget by the Aviation Authority Board under separate item).
