MEMORANDUM

TO: Members of the Aviation Authority
FROM: Raymond D. Anderson, Esq., Chairman, Concessions/Procurement Committee
DATE: April 15, 2020

ITEM DESCRIPTION

Recommendation of the Concessions/Procurement Committee to Award Sole Source Purchasing Contract No. 22-20, Airfield Lighting Parts and Maintenance Services, at Orlando International Airport and Orlando Executive Airport, to Allen Enterprises, Inc.

BACKGROUND

Sole Source Purchasing Contract No. 16-05, Airfield Lighting Parts and Maintenance Services, at Orlando International Airport and Orlando Executive Airport (Airports), with Allen Enterprises, Inc. (Allen Enterprises) requires Allen Enterprises to provide all labor, supervisions, materials, supplies, programming, parts and equipment required to inspect, evaluate, operate, support and maintain the airfield lighting system at the Airports (Purchasing Contract).

The Purchasing Contract commenced on June 27, 2005, with an initial two-year term (Initial Term). The Purchasing Contract was subsequently amended annually to extend the Initial Term through June 26, 2015, at which time the Purchasing Contract was amended to include a new five-year term, which term is scheduled to expire on June 26, 2020. The Purchasing Contract pricing is based on unit prices and hourly labor rates. The actual costs of the Purchasing Contract is determined based on the services requested, performed and approved by the Aviation Authority.

Due to the limited and specialized nature of the services to be provided, this Purchasing Contract does not include a Minority and Women Business Enterprise or Local Developing Business participation goal.

ISSUES

The Purchasing Contract, as amended, is scheduled to expire on June 26, 2020. Readily available airfield lighting parts and maintenance services are critical to ensure safe aircraft operations at the Airport. Federal Aviation Administration (FAA) Advisory Circular AC 150/5345-53D, Airport Lighting Equipment Certification Program, requires that certified airfield lighting systems be maintained in the same configuration with parts and services as the existing Original Equipment Manufacturer (OEM) certification. The Aviation Authority's existing certified airfield lighting systems are ADB Safegate airfield lighting systems, and Allen Enterprises is the exclusive OEM representative for ADB Safegate airfield lighting systems in the Southeast United States.

Based on the information known at this time, Allen Enterprises has performed satisfactorily during the term of the Purchasing Contract, as amended. No price

increases are requested at this time. As a result, based on the information presented, on March 9, 2020, the Concessions/Procurement Committee approved Staff's recommendation to award Purchasing Contract No. 22-20, Airfield Lighting Parts and Maintenance Services, at Orlando International Airport and Orlando Executive Airport, to Allen Enterprises, Inc., for a five-year term through June 26, 2025, with no renewal terms, in the amount not-to-exceed \$3,850,000.

ALTERNATIVES

No alternatives are being considered.

FISCAL IMPACT

The fiscal impact of the proposed Purchasing Contract is not-to-exceed \$3,850,000. Funding will be provided from previously-approved Orlando International Airport Operations and Maintenance Fund in the amount not-to-exceed \$3,675,000. Funding will also be provided from previously-approved Orlando Executive Airport Operations and Maintenance Fund, in the amount not-to-exceed \$175,000. Funding required in current and subsequent fiscal years will be allocated throughout the budget process and when funds become available.

RECOMMENDED ACTION

It is respectfully requested that the Aviation Authority Board resolve to approve the Concessions/Procurement Committee's recommendation to (1) award Sole Source Purchasing Contract No. 22-20, Airfield Lighting Parts and Maintenance Services, at Orlando International Airport and Orlando Executive Airport, to Allen Enterprises, Inc., for a five-year term, through June 26, 2025, in an amount not-to-exceed \$3,850,000; (2) authorize funding from the Orlando International Airport Operations and Maintenance Fund in the amount not-to-exceed \$3,675,000; (3) authorize funding from the Orlando Executive Airport Operations and Maintenance Fund in the amount not-to-exceed \$175,000; and (4) authorize an Aviation Authority Officer or the Chief Executive Officer to execute the appropriate documents following satisfactory review by legal counsel.
