

ORLANDO INTERNATIONAL AIRPORT | MCO
Innovation Connecting the World

Industry Day

BP-00504, MCO Electrical Infrastructure and System Upgrades Program

When: Wednesday, August 7, 2024, at 3:00 p.m.

What: The Greater Orlando Aviation Authority is holding an Industry Day to provide information regarding an upcoming critical terminal project that will be advertised for design/build services soon and to inform the construction industry of the opportunity for this project. Interested parties are invited to attend this meeting to learn more about the project at the below location or via a Teams Meeting. This meeting is non-mandatory for any potential bidders.

Scope: The goal is to improve the overall MCO Campus Electrical Capacity and Infrastructure. Segregation and relocation of branch circuits to appropriate branch; Installation of necessary security branch(s); Address issues associated with: voltage drop, short circuit, coordination or compliance with other electrical codes.

Where (in-person location): SAC Trailer Complex – Conference Room Alpha
11344 Terminal C Service Rd., Orlando, FL 32824

Virtually (Teams Meeting):

1-872-242-8019; Conference ID: 239 514 954
