**WHEREAS**, Surety is authorized to do business in the State of Florida.

**NOW, THEREFORE**, the condition of this obligation is such that if Principal:

1. Promptly and faithfully performs each of its obligations under said Contract, including, but not limited to, any warranty provisions, in the time and manner prescribed in the Contract; and
2. Pays Aviation Authority all losses, damages (liquidated or actual, including, but not limited to, damages caused by delays in the performance of Principal, or latent defects in the goods or services furnished by Principal), expenses, costs and attorneys' fees for and in connection with all trial and appellate proceedings, that Aviation Authority sustains resulting directly or indirectly from any breach or default by Principal under the Contract; and
3. Pays Aviation Authority all losses, damages, expenses, costs, attorneys' fees and other legal costs (including, but not limited to, those for investigative and legal support services) for and in connection with all trial, appellate and bankruptcy proceedings, that the Aviation Authority sustains resulting directly and indirectly from conduct of the Principal, including, but not limited to, want of care or skill, negligence, patent infringement, or intentionally wrongful conduct on the part of the Principal, its officers, agents, employees or any other person or entity for whom the Principal is responsible, then this bond is void; otherwise it remains in full force and effect.

In the event that the Principal shall fail to perform any of the terms, covenants or conditions of the Contract during the period in which this Performance Bond is in effect, the Surety shall remain liable to the Aviation Authority for all such loss or damage (including, but not limited to, reasonable attorneys' fees and other legal and court costs) resulting from or in connection with any failure to perform up to the amount of the Penal Sum.

In the event the Surety fails to fulfill its obligations under this Performance Bond, then the Surety shall also indemnify and save the Aviation Authority harmless from any and all loss, damage, cost and expense, including, but not limited to, reasonable attorneys' fees and other legal and court costs for all trial, appellate and bankruptcy proceedings, resulting directly or indirectly from or in connection with the Surety's failure to fulfill its obligations hereunder. This paragraph shall survive the termination or cancellation of this Performance Bond. The obligations set forth in this paragraph shall not be limited by the Penal Sum of this Bond.

The Surety's obligations hereunder shall be direct and immediate and not conditional or contingent upon Aviation Authority's pursuit of its remedies against Principal, and shall remain in full force and effect notwithstanding (i) amendments or modifications to the Contract entered into by Aviation Authority and Principal without the Surety's knowledge or consent, (ii) waivers of compliance with or any default under the Contract granted by Aviation Authority to Principal without the Surety's knowledge or consent, (iii) the discharge of Principal from its obligations under the Contract as a result of any proceeding initiated under the Bankruptcy Code of 1978, as the same may be amended, or any similar state or federal law, or any limitation of the liability of Principal or its estate as a result of any such proceeding, or (iv) any other action taken by Aviation Authority or Principal that would, in the absence of this clause, result in the release or discharge by operation of law of the Surety from its obligations hereunder.

### 3.2. [Surety Bonds/Letters of Credit/Liability Insurance](#)

A Surety Bond/Letter of Credit **is** required for this Contract.

- A. Prior to Aviation Authority's execution of the Contract and within ten (10) business days of the award, the Contractor shall furnish to Aviation Authority a Performance Bond, and a Payment Bond if required, completed on the Aviation Authority's forms provided in the Contract Documents. Such Performance Bond

shall be current and in compliance at all times during the Term of the Contract in a penal sum equal to One Million Dollars (\$100,000).

- B. The Contractor may elect to provide the Aviation Authority, in lieu of the required Performance Bond (but not the Payment Bond if required by general law), a letter of credit in an amount equal to One Million Dollars (\$1,00,000), and issued on the Aviation Authority's form of irrevocable standby letter of credit ("Letter of Credit"). The Contractor shall provide the Aviation Authority with a Letter of Credit that remains in effect for at least one year after the expiration or earlier termination of the term of the Contract including any renewal or other extended term. If the Contractor fails to perform any obligation required of it under the terms of the Contract including, but not limited to, providing the Aviation Authority with an acceptable renewal or replacement letter of credit within the required time limits, the Aviation Authority shall be entitled, in addition to any other remedies, to draw the full amount of the funds available under any Letter of Credit provided by Contractor to Authority and to hold such funds until such time as the Aviation Authority in its discretion shall determine the amount of damages, costs and expenses owing to it from the Contractor. The Aviation Authority shall retain from such funds an amount equal to its actual or anticipated damages, costs and expenses, and shall thereafter return the remaining amount of the funds, if any, to the Contractor.
- C. Prior to the commencement of any renewal or extended term of the Contract, Contractor, at its own expense, shall provide to the Aviation Authority an acceptable renewal or replacement Performance Bond or Letter of Credit, rider to an existing Performance Bond or Letter of Credit, or continuation amendment to an existing Performance Bond or Letter of Credit .
- D. Except as provided in this Performance Bond Section, the Aviation Authority will not accept any change or modification to the forms of Performance Bond or Letter of Credit attached to these Solicitation Documents. The sole change to the forms of Performance Bond and Letter of Credit that the Aviation Authority will accept is that the Contractor may provide a Performance Bond or a Letter of Credit **that is for a period of less than the full initial term of the Contract but which still has an effective term of not less than twelve (12) months**. The Aviation Authority shall release any existing Letter of Credit provided by the Contractor upon the Aviation Authority's receipt and approval of a renewal or replacement Letter of Credit that complies with the requirements of this Contract.
- E. If the Contractor is required to provide any renewal of the Performance Bond or Letter of Credit, rider to an existing Performance Bond or Letter of Credit, or

continuation amendment to an existing Performance Bond or Letter of Credit (collectively, the "Replacement"), Contractor shall, at the discretion of the Aviation Authority, calculate the penal sum/amount (the "Amount") of any such Replacement as follows:

1. If the Renewal is provided in connection with the expiration of an existing Performance Bond or Letter of Credit prior to expiration of the initial term of the Contract but not in connection with an amendment to the Contract where the compensation to be paid to Contractor is increased, the Replacement shall be in an Amount equal to the Amount of the then current Performance Bond or Letter of Credit.
2. If the Replacement Performance Bond is provided in connection with an amendment of the Contract where the compensation to be paid to the Contractor during the period covered by the then current Performance Bond or Letter of Credit is increased for any reason, the Replacement shall be in an Amount equal to the Amount of the then current Performance Bond or Letter of Credit plus an amount that bears the same ratio to the increased compensation to be paid to the Contractor that the Amount of the then current Performance Bond or Letter of Credit bears to the total compensation to be paid to the Contractor prior to such amendment to the Contract.
3. If the Replacement is provided in connection with the renewal or extension of the Contract and the required Amount of the Performance Bond or Letter of Credit for the initial term of the Contract is stated as a fixed Amount, the Replacement shall be in an Amount equal to the lesser of either (i) the Amount required during the initial term of the Contract; or (ii) an Amount that bears the same ratio to the total estimated compensation to be paid to the Contractor during the renewal term that the Amount required during the initial term of the Contract bore to the total estimated compensation to be paid to the Contractor during the initial term of the Contract.
4. If the Replacement is provided in connection with the renewal or extension of the Contract and the required Amount of the Performance Bond or Letter of Credit for the initial term of the Contract is stated as a fraction or percentage of the Contract price, the Replacement shall be in an Amount equal to the same annualized percentage of the total estimated compensation (including any reimbursable expenses) to be paid to the Contractor during the renewal term (i.e., if the initial Performance Bond or Letter of Credit is 1/6 of the total three year Contract cost, then the Replacement will be one-half of the total

estimated compensation to be paid to the Contractor during the renewal year).

- F. Failure to timely submit an acceptable Performance Bond or Letter of Credit prior to commencement of the Contract in addition to all other rights available to the Aviation Authority under law, shall give the Aviation Authority the right to withdraw the Notice of Intent to Award, without the need for providing the Contractor advance notice or the opportunity to cure. Contractor acknowledges responsibility for any damages or costs incurred by the Aviation Authority due to its failure to comply with this Section 3.6.
- G. Surety Bonds delivered to the Aviation Authority in satisfaction of any requirement under this Contract must meet the following criteria:
1. Bid Bonds provided to the Aviation Authority in connection with Contracts shall be duly issued by an insurer or corporate surety (a) on a bond form provided by Aviation Authority, or on a form substantially the same as Aviation Authority's form; b) obligating the surety for at least ninety (90) days following the date on which Bids are publicly opened; and (c) by an insurer or corporate surety that is authorized to conduct insurance business in the State of Florida.
  2. Performance and Payment Bonds provided to the Aviation Authority in connection with Contracts having a value of \$500,000.00 or less shall be duly issued by an insurer or corporate surety which:
    - a. Is authorized to conduct insurance business in the State of Florida;
    - b. Currently holds a certificate of authority authorizing it to write surety bonds in the State of Florida; and
    - c. Is otherwise in compliance with the provisions of the Florida Insurance Code.
  3. Performance and Payment Bonds provided to the Aviation Authority in connection with Contracts having a value in excess of \$500,000.00 shall be duly issued by an insurer or corporate surety which:
    - a. Is authorized to conduct insurance business in the State of Florida;
    - b. Holds a currently valid certificate of authority by the U.S. Department of Treasury pursuant to 31 U.S.C. ss 9304-9308; and

- c. Has no less than a "B+" Financial Rating and a Financial Size Category of "Class VI" or higher according to the most current edition of AM Best Rating Services.
  - d. Notwithstanding the provisions of (c) above, an insurer or corporate surety which is not rated by AM Best Rating Services may be accepted by Aviation Authority, but only if approved by Aviation Authority's Risk Manager and Department Vice President following a review or investigation of the insurance company's financial and performance standing, including without limitation, its capital adequacy, assets, earnings, of the insurance company's financial and performance standing, including without limitation, its capital adequacy, assets, earnings, liquidity and such other factors as the Aviation Authority's Risk Manager may deem appropriate.
- H. Liability Insurance Companies furnishing insurance coverages required by these General Conditions shall (a) be currently authorized to conduct insurance business in the State of Florida, and (b) must have no less than a "B+" Financial Rating and a Financial Size Category of "Class VI" or higher according to the most current edition of AM Best Rating Services.
- I. In the event that the Aviation Authority requests Contractor to purchase materials or as a condition to approval of a Subcontractor in accordance with Section 5 of the Standard Terms and Conditions, the Aviation Authority shall have the right to require Contractor to provide a payment bond in accordance with Section 255.05, Florida Statutes.
- J. Letters of Credit shall be issued by a bank with an office located in the State of Florida and reasonably acceptable to the Aviation Authority's Chief Executive Officer or designee.

### 3.3. Price Escalation/De-Escalation (CPI)

1. The original contract prices shall be firm for the five (5) year contract period. A price escalation/de-escalation **may be** considered after **the 3<sup>rd</sup>** year, and once a year thereafter, provided the Contractor notifies the Aviation Authority, in writing, of the pending price escalation/de-escalation a minimum of sixty (60) days prior to the contract's anniversary date.
2. Price adjustments shall be based on the latest version of the Consumers Price Index (CPI-U) for All Urban Consumers, All Items, U.S. City Average,

non-seasonal, as published by the U.S. Department of Labor, Bureau of Labor Statistics. This information is available at [www.bls.gov](http://www.bls.gov).

3. Price adjustment shall be calculated by applying the simple percentage model to the CPI data. This method is defined as subtracting the base period index value (at the time of initial award) from the index value at time of calculation (latest version of the CPI published as of the date of request for price adjustment), divided by the base period index value to identify percentage of change, then multiplying the percentage of change by 100 to identify the percentage change. Formula is as follows:

Current Index – Base Index / Base Index = % of Change

% of Change x 100 = **Percentage Change**

**CPI-U Calculation Example:**

CPI for the current period	232.945
Less CPI for the base period	229.815
Equals index point change	3.130
Divided by base period CPI	229.815
Equals	0.0136
Result multiplied by 100	0.0136 x 100
Equals percent change	1.4%

4. A price increase may be requested only at each time interval specified above, using the methodology outlined in this section. To request a price increase, the Contractor shall submit a letter stating the percentage amount of the requested increase and adjusted price to the Aviation Authority's Procurement Department.

5. The letter shall include the complete calculation utilizing the formula above, and a copy of the CPI-U index table used in the calculation. The maximum allowable increase shall not **exceed 5%** unless there are circumstances demonstrating that an increase beyond this amount is required and this is approved by the Aviation Authority.
  
6. All price adjustments must be accepted by the Vice President of Procurement and shall be memorialized by written amendment to this contract. **WHEREAS**, Surety is authorized to do business in the State of Florida.

**NOW, THEREFORE**, the condition of this obligation is such that if Principal:

1. Promptly and faithfully performs each of its obligations under said Contract, including, but not limited to, any warranty provisions, in the time and manner prescribed in the Contract; and
2. Pays Aviation Authority all losses, damages (liquidated or actual, including, but not limited to, damages caused by delays in the performance of Principal, or latent defects in the goods or services furnished by Principal), expenses, costs and attorneys' fees for and in connection with all trial and appellate proceedings, that Aviation Authority sustains resulting directly or indirectly from any breach or default by Principal under the Contract; and

In the event the Surety fails to fulfill its obligations under this Performance Bond, then the Surety shall also indemnify and save the Aviation Authority harmless from any and all loss, damage, cost and expense, including, but not limited to, reasonable attorneys' fees and other legal and court costs for all trial, appellate and bankruptcy proceedings, resulting directly or indirectly from or in connection with the Surety's failure to fulfill its obligations hereunder. This paragraph shall survive the termination or cancellation of this Performance Bond. The obligations set forth in this paragraph shall not be limited by the Penal Sum of this Bond.

The Surety's obligations hereunder shall be direct and immediate and not conditional or contingent upon Aviation Authority's pursuit of its remedies against Principal, and shall remain in full force and effect notwithstanding (i) amendments or modifications to the Contract entered into by Aviation Authority and Principal without the Surety's knowledge or consent, (ii) waivers of compliance with or any default under the Contract granted by Aviation Authority to Principal without the Surety's knowledge or consent, (iii) the discharge of Principal from its obligations under the Contract as a result of any proceeding initiated under the Bankruptcy Code of 1978, as the same may be amended, or any similar state or federal law, or any limitation of the liability of Principal or its estate as a result of any such proceeding, or (iv) any other action taken by Aviation Authority or Principal that would, in the absence of this clause, result in the release or discharge by operation of law of the Surety from its obligations hereunder.
