Welcome to Orlando International Airport (MCO)

1. Upon exiting the aircraft, you will enter U.S. immigration. Please have your passport and any required documents available for inspection.

2. Citizens of the U.S. and Canada may use the CBP Mobile Passport App, or the Automated Passport Control kiosks which can also accommodate visitors from the U.S. Visa Waiver countries that have been to the U.S. since 2008.

3. After clearing immigration you will recover your baggage from the baggage carousel and proceed to the exit.

4. When exiting the customs and immigration area you will have the option to either keep your checked bags with you or have them transferred to the main terminal for you to pick up there. If you use the courtesy baggage transfer option, simply follow signs to the correct baggage carousel for your flight which will be shown on the airport monitors.

5. Take the escalator up one level and board the train to be transferred to the main terminal.

6. The journey on the train to the main terminal will only take 68 seconds. As the train transports you, pay close attention to the signs and listen to the instructions to direct you to either the A or B side of the main terminal.

7. Upon arrival into the main terminal (level 3) look for large illuminated letters directing you to either the A or B side of the terminal.

8. Take the stairs, escalator or elevator down to Level 2 or Level 1 to reach the baggage claim and ground transportation options.
