## **MEMORANDUM**

**TO:** Members of the Procurement Committee

**FROM:** Brad Friel, Sr. Vice President of Multi-Modal Planning and Environmental

**DATE:** September 3, 2024

## **ITEM DESCRIPTION**

Request for Recommendation to the Aviation Authority for Approval of an Addendum of the General Consulting Services Agreement with Ricondo & Associates, Inc. for Fiscal Year 2025 On-Call Signage and Design Consulting Services at the Orlando International Airport (MCO).

## **BACKGROUND**

In December 2020, Ricondo & Associates, Inc. was selected by the Aviation Authority Board through a competitive award process to provide General Consulting Services. Tasks are awarded on an as-needed or annual basis.

This no-cost base agreement established the negotiated hourly rates. The services provided as part of this agreement may include advising and supporting the Aviation Authority through assessments, studies, master planning, concept development, and preparation of design/build criteria packages, extension of staff, and other efforts as assigned for the development, management, and operation of the existing and future facilities. The services may also include interfacing with the Aviation Authority's committees and the Aviation Authority's departments, and coordinating and providing documentation required by federal, state, and local agencies including the Federal Aviation Administration (FAA); Transportation Security Administration (TSA); Florida Department of Transportation (FDOT); the Orlando Utilities Commission (OUC); the Division of Strategic Business Development; City of Orlando; Orange County, Florida; and, other agencies as required. The selected general consultant will be prohibited from providing preparation of construction documents, and Owner's Authorized Representative (OAR) Services for the Aviation Authority, and shall be precluded from submitting bids or proposals for any such services to the Aviation Authority.

## **ISSUES**

Consultant's proposal, dated August 19, 2024, is to provide Fiscal Year 2025 on-call signage design and consulting services. These services may relate to, but not necessarily be limited to assistance with signage/wayfinding projects from concept development to final completion; Review of Aviation Authority sign design guidelines; Project scope definition assistance; Field observations and signage/wayfinding design recommendations; Coordination meetings as required; Preparation of field survey findings; Preparation of Rough Order of Magnitude cost estimates to assist Aviation Authority Planning with the establishment of project budgets; and project-based construction administration duties.

Services cannot commence before the date of Aviation Authority approval. The approved addendum must be executed by the Aviation Authority before invoicing for services.

The cumulative contract value of all addenda/amendments since the last approval by the Aviation Authority Board for the General Consulting Services Agreement with Ricondo and Associates, Inc. does exceed the \$250,000 threshold; thus, this agenda item requires Board approval.

## **EXHIBIT A**

TO: Members of the Aviation Authority

FROM: Marquez A. Griffin, Chair, Procurement Committee

DATE: September 18, 2024

## **ITEM DESCRIPTION**

Recommendation of the Procurement Committee to Approve Multiple Addenda to the General Consulting Services Agreement with Ricondo & Associates, Inc. (Ricondo) at the Orlando International Airport (MCO) and Orlando Executive Airport (ORL)

## **BACKGROUND**

On December 9, 2020, the Aviation Authority Board approved the General Consulting Services Agreement with Ricondo, following a competitive award process in compliance with state statutes and Aviation Authority policies.

The agreement is structured as a no-cost base agreement with negotiated hourly rates. Services that are within the advertised scope are negotiated on an as-needed or annual basis, and awarded as addenda to the base agreement. The scope of advertised services includes advising and supporting the Aviation Authority through assessments, studies, master planning, concept development, and preparation of design-build criteria packages, extension of staff, and other efforts as assigned for the development, management, and operation of the existing and future facilities. The services may also include interfacing with the Aviation Authority's committees and the Aviation Authority's departments, and coordinating and providing documentation required by federal, state, and local agencies, including the Federal Aviation Administration (FAA); the Transportation Security Administration (TSA); the Florida Department of Transportation (FDOT); the Orlando Utilities Commission (OUC); the Division of Strategic Business Development; City of Orlando; Orange County, Florida; and, other agencies as required.
