Did you know that most TSA PreCheck passengers wait less than five minutes in security screening lines?

[IDEMIA](#) is excited to bring convenient TSA PreCheck enrollment to departing travelers. Taking five minutes or less, and with ***no appointment needed***, this special initiative for departing travelers allows them to enroll in TSA PreCheck at the airport as they fly out on their next trip. Once approved, they can then enjoy a smoother screening process at airport security. Look for the IDEMIA TSA PreCheck Enrollment Ambassadors, and make sure you bring your photo ID and [proof of citizenship](#) (i.e., passport, birth certificate) or proof of lawful permanent residency. What is TSA PreCheck?

The TSA PreCheck program was created in December 2011 as a way to provide low-risk travelers with a smoother experience at the airport security passenger checkpoint. The program is open to U.S. citizens and lawful permanent residents, as well as members participating in Trusted Traveler Programs like Global Entry, NEXUS and SENTRI. The TSA PreCheck program is a great option for frequent travelers looking to save time during the airport security process. Enrolled members can travel with ease with no need to remove shoes, laptops, 3-1-1 liquids, belts or light jackets. They can also access dedicated screening lanes at participating U.S. airports nationwide.

What is MCO Offering to Travelers?

MCO is one of the first airports to offer the new TSA PreCheck enrollment initiative for departing travelers. It will allow travelers to enroll in TSA PreCheck as they depart for their trip with no need for an appointment. IDEMIA TSA PreCheck Enrollment Ambassadors are stationed in front of the security checkpoint for Gates 1-59, located on the South Walk side, with carts equipped to enroll passengers in TSA PreCheck. An added benefit is travelers who apply on-site will have access to the MCO Reserve Lane* at the security checkpoint for their departure on the day they complete their TSA PreCheck application.

**MCO Reserve is a reservation lane that provides a faster, more predictable experience, but it still requires you to go through normal TSA standard security screening procedures. The MCO Reserve Lane is located between the TSA PreCheck and standard security screening lanes at the security checkpoint to Gates 1-59.*

This new, simplified initiative for departing travelers delivers TSA PreCheck enrollment in five minutes or less, and most passengers will receive their Known Traveler Number (KTN) within three to five days, and in most cases, just in time for their return trip.

What to Expect During the TSA PreCheck Application Process:

The enrollment process is quick and convenient. The departing traveler can enroll at the airport simply by stopping by the IDEMIA TSA PreCheck Enrollment Cart after just before they go through the security checkpoint. No appointment needed!

Enrolling at the airport is even faster if the traveler applies online beforehand. TSA PreCheck enrollment requires proof of identity, proof of citizenship (forms of identification can be located here: [proof of citizenship](#)), fingerprint and photo capture. There is an \$85 enrollment application fee, which covers five years of participation, if approved.
