Additional Services will be performed in accordance with the terms of this Agreement and all applicable federal, state and local laws, regulations, rules and ordinances then in effect or as amended.

The Consultant further agrees to cause the Subconsultants to remove promptly any employees providing Services under this Agreement as the Owner shall request in writing, which may be made by the Owner with or without cause, and to replace promptly each such employee with another qualified employee acceptable to the Owner.

2.4.3 The Owner shall have no liability or obligation to the Subconsultants hereunder.

2.4.4 The Owner shall have the right, but not the obligation, based upon sworn statements of accounts from the Subconsultants, and in accordance with the Consultant's written request, to pay a specific amount directly to a Subconsultant. In such event, the Consultant agrees any such payments shall be treated as a direct payment to the Consultant's account.

The Consultant shall use professional standards of care and performance to perform all Services in such quality and sequence, and in accordance with such reasonable time requirements and reasonable written instructions, as may be requested or provided by the Owner and as required by the project. The Services must be provided in a manner that is consistent with the level of reasonable care, skill, judgment and ability provided by professionals providing a similar type of Services in the same geographic area.

2.6 Consultant's Liability

The Consultant shall be and remain liable in accordance with applicable law for all damages to the Owner and the Owner's property caused by the improper acts, errors or omissions of the Consultant or by any Subconsultants in performing any Services. The term "improper acts, errors or omissions" shall include, but not be limited to, negligent, reckless, wanton, intentional, or willful failure to perform the Services in accordance with the professional standard of care and performance for each Service set forth in this Agreement.

If any damage is caused partially by improper acts or omissions of the Owner or a third party for whom the Consultant is not responsible, all parties shall bear their proportional share of the repair costs based upon the parties' relative degree of fault.

2.9 Owner's Approval Shall Not Relieve Consultant of Responsibility

Review or approval by the Owner of data, designs, specifications, calculations, estimates, plans, drawings, photographs, reports, memoranda, other documents and instruments, and incidental work or materials furnished hereunder shall in no way relieve the Consultant of responsibility for the technical adequacy and accuracy of Services performed by the Consultant. Neither the Owner's review, approval, acceptance of, nor payment for, any of the Services under this Agreement shall constitute a waiver of any of the Owner's rights under this Agreement or of any cause of action it may have arising out of the this Agreement.

2.10 Non-Exclusive Rights

The rights granted to the Consultant hereunder are nonexclusive, and the Owner reserves the right to enter into agreements with other consultants to perform professional services, including without limitation, any of the Services provided for herein.

2.11.1 The Consultant and its employees and Subconsultants shall promptly observe and comply with all applicable federal, state and local laws, regulations, rules and ordinances then in effect or as amended ("laws"), including, but not limited to, the laws governing the wages paid by the Consultant to its employees.

The Consultant shall include an express provision in all Subcontracts requiring the Subconsultants and Subcontractors to do the same and require all Subconsultants and Subcontractors to provide the Consultant with an affidavit stating that the Subconsultant/Subcontractor does not employ, contract with, or subcontract with an unauthorized alien. The Consultant must retain all such affidavits for the duration of the Contract. The Owner shall require the Consultant to terminate the contract of a Subconsultant/Subcontractor if Owner has a good faith belief that the Subconsultant/Subcontractor has knowingly violated Florida Statute §448.09(1). The Consultant may challenge any such termination in accordance with Florida Statutes §448.095. Consequences for a violation of this subsection also include liability for the Owner's costs as a result of the termination and debarment for at least one (1) year in accordance with Florida Statutes §448.095.

2.12 Consultant Is Not Owner's Agent

The Consultant is not authorized to act as the Owner's agent hereunder and shall have no authority, expressed or implied, to act for or bind the Owner hereunder, unless set forth in Addenda hereto.

2.13 Reduced Scope of Services

The Owner shall have the right, by written notice to the Consultant, to reduce the scope of Services to be rendered hereunder. In the event the scope of Services are reduced by the Owner, the Consultant shall promptly notify the Owner in writing after receipt of such notice of the amount by which the total compensation for that particular scope or service should be reduced. The reduction in compensation shall be calculated on the basis of the Consultant's labor estimates and labor-hour costs for such Services and the related reimbursable expenses. The Consultant's notice to the Owner shall show this calculation in reasonable detail. The Owner shall, with reasonable promptness after receipt of the Consultant's calculation of compensation reduction, notify the Consultant in writing of its acceptance or objection to the amount of compensation reduction, together with the Owner's determination of the proper amount of compensation reduction, which determination shall be conclusive.

2.14 Suspension

If the Owner suspends the Project, or any portion thereof, the Consultant shall be compensated for services performed prior to notice of such suspension. When the Project is resumed, the Consultant shall be compensated for expenses incurred in the interruption and resumption of the services. The fees for the remaining services and the time schedules shall be equitably adjusted. If the Owner suspends the Project or a portion thereof for more than 90 cumulative days for reasons other than the fault of the Consultant, the Consultant may terminate this Agreement by giving not less than seven days' written notice.

2.15 Consultant's Representative

The Consultant shall designate a person to act as the Consultant's Representative as identified in **Exhibit A**. The Consultant's Representative shall have complete authority on behalf of the Consultant to transmit or receive information, to propose or proceed with action requested by the Owner and to execute Addenda on behalf of the Consultant.

ARTICLE 3 - OWNER'S RESPONSIBILITIES

3.3 Reasonable Access

The Owner will allow the Consultant reasonable access to facilities controlled by the Owner to enable the Consultant to perform the Services. The Consultant agrees that such rights of access shall not be exercised in a manner or to such extent as to impede or interfere with the operation of the Owner's facilities, or with the operations of the Owner's lessees, licensees, or permittees of the Owner or the applicable owners of such facilities. The Consultant further agrees to abide by all applicable regulations regarding access to the Owner's facilities, including access to Airfield Operating Areas (AOA). review, inspect, audit or copy the Consultant's records. Production of such records by the Consultant shall not constitute promulgation and shall retain in the Consultant all rights and privileges of workmanship, confidentiality and any other vested interests. If, as a result of an audit, it is established that the Consultant has overstated its hours of service, Reimbursable Expenses, per diem or hourly rates for any month, or percentage of lump sum amount earned in any month, the amount of any overcharge paid by Owner as a result of an overstatement shall forthwith be refunded by the Consultant to the Owner with interest thereon, if any, at a rate of six percent (6%) per annum on the overstated amount accrued from forty-five (45) days after the Owner's notice to the Consultant of the overstatement. If the amount of an overstatement in any month exceeds five percent (5%) of the amount of the Consultant's statement for that month, the entire reasonable expense of the audit shall be borne by the Consultant. The Consultant shall retain all records, books, and reports required under this Agreement and shall make same available to the requesting party for a period of five (5) years from the date of payment by the Owner of the final invoice for the Services to which the records relate and all pending matters are closed. - .2 Provide the public with access to public records on the same terms and conditions that the Owner would provide the records and at a cost that does not exceed the cost provided in chapter 119, Florida Statutes, as amended, or as otherwise provided by law.
- .3 Except as authorized by law, ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed for the duration of the Agreement, as well as following completion or termination of the Agreement if the Consultant does not transfer the records to the Owner.
- .4 Meet all requirements for retaining public records and upon completion or termination of the Agreement, transfer, at no cost, to the Owner all public records in possession of the Consultant or keep and maintain the public records required by the Owner and the law to perform the Services. If the Consultant transfers all public records to the Owner upon completion or termination of the Agreement, the Consultant shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the Owner in a format that is compatible with the information technology systems of the Owner. If the Consultant keeps and maintains public records upon completion or termination of the Agreement, the Consultant shall meet all applicable requirements for retaining public records.
- .5 Failure to grant such public access or otherwise comply with the Owner's request for records will be grounds for immediate termination of this Agreement by the Owner.

The Consultant shall not, during the term of this Agreement and forever thereafter, knowingly divulge, furnish or make available to any third person, firm or organization, without the Owner's prior written consent, or unless incident to the proper performance of the Consultant's obligations hereunder, or in the course of judicial or legislative proceedings where such information has been properly subpoenaed, any information generated by the Consultant or received from the Owner, concerning the Services rendered by the Consultant or any Subconsultant pursuant to this Agreement. The Owner's intent is to protect security and proprietary information. The Owner does not intend to restrict the Consultant from normal publication, marketing or awards activities and will not unreasonably withhold its consent.

8.5 Sensitive Security Information

The Consultant shall not, during the term of this Agreement and forever thereafter, knowingly divulge, furnish or make available any sensitive security information to any third person, firm or organization, without the Owner's knowledge and prior written consent, including requests for said information made in the course of judicial or legislative proceedings where such information has been properly subpoenaed, Consultant is further prohibited from releasing and reproducing security sensitive information within Consultant's firm and distribution among Consultant's Subconsultants without the Owner's knowledge and prior written consent,

8.5.1 SSI: Sensitive Security Information – also noted as (SSI) – is information that, if publicly released, would be detrimental to transportation security, as defined by Federal regulation 49 C.F.R. part 1520. Although SSI is not classified information, there are specific procedures for recognizing, marking, protecting, safely sharing, and destroying SSI. Persons receiving SSI are considered "covered persons" under the SSI regulation in order to carry out responsibilities related to transportation security and are obligated to protect this information from unauthorized disclosure.

- 8.5.2 A. The following information indicates requirements for access to, control of, and/or distribution of Project Documents Marked as Sensitive Security Information or SSI.
1. You Must – Lock All SSI: Store SSI in a secure container such as a locked file cabinet or drawer (as defined by Federal regulation 49 C.F.R. part 1520.9 (a)(1)).
 2. You Must – When No Longer Needed, Destroy SSI: Destruction of SSI must be complete to preclude recognition or reconstruction of the information (as defined by Federal regulation 49 C.F.R. part 1520.19).
 3. You Must – Mark SSI: The regulation requires that even when only a small portion of a paper document contains SSI, every page of the document must be marked with the SSI header and footer shown at left (as defined by Federal regulation 49 C.F.R. part 1520.13). Alteration of the footer is not authorized.

- B. Reasonable steps must be taken to safeguard SSI. While the regulation does not define reasonable steps, the TSA SSI Branch offers the following best practices as examples of reasonable steps:
1. Use an SSI cover sheet on all SSI materials.
 2. Electronic presentations (e.g., PowerPoint) should be marked with the SSI header on all pages and the SSI footer on the first and last pages of the presentation.
 3. Spreadsheets should be marked with the SSI header on every page and the SSI footer on every page or at the end of the document.
 4. Video and audio should be marked with the SSI header and footer on the protective cover when able and the header and footer should be shown and/or read at the beginning and end of the program.
 5. CDs/DVDs should be encrypted or password-protected and the header and footer should be affixed to the CD/DVD.
 6. Portable drives including "flash" or "thumb" drives should not themselves be marked, but the drive itself should be encrypted or all SSI documents stored on it should be password protected.
 7. When leaving your computer or desk you must lock all SSI and you should lock or turn off your computer.
 8. Taking SSI home is not recommended. If necessary, get permission from a supervisor and lock all SSI at home.
 9. Do not handle SSI on computers that have peer-to-peer software installed on them or on your home computer.
 10. Transmit SSI via email only in a password protected attachment, not in the body of the email. Send the password without identifying information in a separate email or by phone.
 11. Passwords for SSI documents should contain at least eight characters, have at least one uppercase and one lowercase letter, contain at least one number, one special character and not be a word in the dictionary.
 12. Faxing of SSI should be done by first verifying the fax number and that the intended recipient will be available promptly to retrieve the SSI.
 13. SSI should be mailed by U.S. First Class mail or other traceable delivery service using an opaque envelope or wrapping. The outside wrapping (i.e. box or envelope) should not be marked as SSI.
 14. Interoffice mail should be sent using an unmarked, opaque, sealed envelope so that the SSI cannot be read through the envelope.
 15. SSI stored in network folders should either require a password to open or the network should limit access to the folder to only those with a need to know.
 16. Properly destroy SSI using a cross-cut shredder or by cutting manually into less than ½ inch squares.
 17. Properly destroy electronic records using any method that will preclude recognition or reconstruction.
 18. Maintain an up-to-date record of all SSI Documents and list of persons with access to SSI Documents.
- C. When transmitting SSI, the SSI marking must be applied to the transmittal document (letter, memorandum, or fax). The transmittal document must contain, if applicable, a disclaimer noting that it is no longer SSI when it is detached from the SSI it is transmitting (transmittal e-mails do not need to contain this disclaimer), and a warning that if received by an unintended or different recipient, the sender must be notified immediately.

- D. When discussing or transmitting SSI to another individual(s), DHS Covered Persons must ensure that the individual with whom the discussion is to be held or the information is to be transferred has a valid Need-to-know. In addition, DHS Covered Persons must ensure that precautions are taken to prevent unauthorized individuals from overhearing the conversation, observing the materials, or otherwise accessing the information.
- E. SSI shall be mailed in a manner that offers reasonable protection of the sent materials and sealed in such a manner as to prevent inadvertent opening and show evidence of tampering.
- F. SSI may be mailed by U.S. Postal Service First Class Mail or an authorized commercial delivery service such as DHL or Federal Express.
- G. SSI may be entered into an inter-office mail system provided it is afforded sufficient protection to prevent unauthorized access, e.g., sealed envelope.

8.5.3 ACKNOWLEDGEMENT OF SENSITIVE SECURITY INFORMATION

- A. The Owner has deemed there may be components of this project to be of critical concern due to said component scope. Executing this document is acknowledging the Security Sensitive Information (SSI) requirements and the proper Safeguarding of Sensitive but Unclassified Information.

- B. Below is the SSI language from 49 CFR Part 15.13 that will be incorporated into the all construction drawing sheets and on the project manual components that are SSI:

- 3. By being granted conditional access to the information in paragraph (1), indicated above, I am obligated to protect this information from unauthorized disclosure. I will not disclose or release any information provided to me pursuant to this Agreement without proper authority or authorization. Only those persons who have a need to know may handle this information, and I will ensure that they will comply with all maintenance, safeguarding, dissemination, and handling requirements provided in 49 CFR Part 1520.
- 4. Neither the execution of this agreement nor the release of the records indicated in paragraph (1) above operates as a waiver of the confidential and exempt status of the

Where any information required of the Consultant is in the exclusive possession

of another who fails or refuses to furnish this information, the Consultant shall so certify to the Owner, the FDOT or the FAA, as appropriate, and shall set forth what efforts it has made to obtain the information. The Consultant shall remain obligated under this paragraph until the expiration of five (5) years after the termination of this Agreement. In the event of breach of any of the above nondiscrimination covenants, the Owner shall have the right to impose such contract sanctions as it or the FDOT, the FAA or other applicable government entity may determine to be appropriate, including withholding payments to the Consultant under this Agreement or canceling, terminating, or suspending this Agreement, in whole or in part. The rights granted to the Owner by the foregoing sentence shall not be effective until the procedures of Title 49, Code of Federal Regulations, Part 21 are followed and completed, including exercise or expiration of appeal rights.

Consequently, the requirements of the Owner's DBE Participation Policy apply to this Agreement. The Consultant and all Subconsultants shall take all necessary and reasonable steps in accordance with the Owner's DBE Participation Policy to ensure that DBE firms have the maximum opportunity to compete for and perform contracts.

Consequently, the requirements of the Owner's MWBE Policy apply to this Agreement. The Consultant and all Subconsultants shall take all necessary and reasonable steps in accordance with the Owner's MWBE policy to ensure that MWBE firms have the maximum opportunity to compete for and perform on contracts. Prior to being awarded a scope of work, the Consultant shall provide to the Owner either: 1) evidence that the Consultant has contracted with MWBEs to meet the Owner's MWBE goal for the Services, or 2) evidence satisfactory to the Owner that the Consultant has made good faith efforts to reach the Owner's MWBE goal for the Services.

18.5 The Consultant agrees to pay each Subconsultant under this Agreement for satisfactory performance of its contract no later than 10 business days from the receipt of each payment the Consultant receives from the Owner. Following the termination, the Consultant shall endeavor to replace the terminated DBE, MWBE or LDB/VBE with another similar to certified DBE, MWBE or LDB/VBE. If the Bidder is unable to utilize another DBE,

MWBE or LDB/VBE for the performance of that portion of the agreement, the Consultant shall provide the Owner with documentation, in a form satisfactory to the Owner, showing that it is not possible to replace the terminated DBE, MWBE or LDB/VBE with another DBE, MWBE or LDB/VBE.

- CDM Smith, Inc.
- Langan Engineering and Environmental Services, Inc.
- Montrose Environmental Solutions, Inc.
- PPM Consultants, Inc.
- Terracon Consultants, Inc.

On October 24, 2023, the Procurement Committee (PC) met to consider the responses. Based on the SOQs, staff's evaluations, and past performances on Aviation Authority or related projects, the PC shortlisted all five firms for further consideration as follows, in alphabetical order:

- CDM Smith, Inc.
- Langan Engineering and Environmental Services, Inc.
- Montrose Environmental Solutions, Inc.
- PPM Consultants, Inc.
- Terracon Consultants, Inc.

On November 15, 2023, the PC met to consider the shortlisted firms. Each firm was provided 30 minutes for the interview session, 10 minutes for an introduction followed by a 20-minute question/answer session conducted by the PC. Each of the shortlisted firms was interviewed and evaluated by the PC based on the following criteria:

- Qualifying Programs/Projects of Proposer (Maximum Score: 30)
- Approach to Small Business Compliance (Maximum Score: 10)
- Other Consultants' Competitive Negotiation Act (CCNA) Factors (Maximum Score: 10)

At the conclusion of the interviews, the PC evaluated each Proposer, comparatively against each other, considering the SOQs, any additional documentation, the interviews and presentations, and selected, in order of ranking, the most highly qualified three top-ranked Proposers.

The weighted scores per category and Proposer are as follows:

Second: Terracon Consultants, Inc.
Third: CDM Smith, Inc.
 Fourth: Langan Engineering and Environmental Services, Inc.

All five proposers submitted thorough written actions plans and proposed participation schedules detailing where participation could be achieved. The Aviation Authority will establish Small Business Participation goals for each negotiated project or scope.

The term “General Conditions” means the Owner’s Division 0 specifications for the non-federal construction Contract and both the Division 0 specifications and the GP-10 through GP-130, inclusive, specifications for the federal construction Contract, on projects for which Design services are

required. All scope required of the Designer in the General Provisions are incorporated by this reference.

1.1.4 Owner

The "Owner" is the person or entity identified as such in the Agreement and is referred to throughout the Exhibits, EDCs, the drawings and documents of the Owner's Master Design Guidelines as if singular in number.

1.1.5 Owners Authorized Representative (OAR)

The OAR is either the Owner's staff, non-staff person or entity identified to provide administration of the Agreement and shall be selected by the Owner. The specific person or entity which will perform the OAR's responsibilities shall be identified at the beginning of these Sections. The OAR is referred to throughout the Exhibits, EDCs, the drawings and documents of the Owner's Master Design Guidelines. The OAR will utilize EDC-27 GOAA Engineering Procedures for Senior Project Manager design management and EDC-35 Owner's Authorized Representative General Scope of Services for Construction.

1.1.6 Terms Defined in Other Documents

Except as otherwise defined herein, the capitalized terms in this Agreement which are defined in the General Provisions or the Agreement for Professional Services will have the same meaning throughout the Agreement.

1.2 Coordination with Other Documents

1.2.1 The Owner's General Provisions will be used as the general provisions for construction of the Project and this EDC. The Designer's scope of services shall include all the services described in the General Conditions as by Designer. The Designer shall not specify or modify documents in conflict with these General Provisions. The Owner's and OAR's scope of services are described and defined in the General Provisions. This EDC-09 is attached to the Professional Services Agreement for Design Services.

SECTION 2 - BASIC SERVICES TO BE PROVIDED BY THE DESIGNER

2.1 Design Services Checklist and Deliverables

2.1.1 The Design Services Checklist, EDC-08, is incorporated into the Agreement by reference. EDC-08 defines specific Services required from the Designer under the Agreement, but is not intended to limit the services to provided by the Designer, and is not considered to be all inclusive of the services required to complete the Work. The Designer is solely responsible for providing a complete and thorough design of the Project.

2.1.2 The "Project Deliverables" set forth in EDC-06 is also incorporated into the Agreement by reference. EDC-06 defines the minimum requirements for drawings and documents prepared by the Designer for the Owner. Complex systems may require greater detail or large scales to adequately define the scope of work.

2.2 Data Collection/Preliminary Design Phase

2.2.1 The Designer shall attend the Design Kick-Off Meeting. The purpose of the meeting will be to discuss the Project requirements and to introduce the Designer's and Owner's representatives for the Project.

2.2.2 After the Design Kick-Off Meeting, the Designer shall review the Owner's library of Record Drawings and Documents and select the drawings and documents, if any, which may be applicable to the Project. The Designer shall also field verify both the applicable Record Drawings and Documents, and existing site conditions, as required by the Project Deliverables, EDC-06.

2.2.3.1 The Designer is responsible to have knowledge of the project's geographical location and the environmental conditions for the construction and operation of the facility. The Design shall identify and analyze requirements of governmental authorities having jurisdiction to approve the portions of the Project designed by the Designer with whom consultation is to be undertaken in connection with the Project.

2.2.3.1.1 The Designer shall thoroughly familiarize itself with all existing conditions and available as-built documentation that relate in any way to the Project or Services requested.

2.2.3.1.2 The Designer is responsible to identify all the permitting requirements for the construction and operation of the facility and provide the listing to the Authority at the 30% design submittal. The Permit Listing shall include a schedule of when the permits will be required for the Project.

2.2.3.1.3 For phased Work the Permit Listing shall also include any required multiple permits needed to obtain a Certificate of Occupancy.

2.2.3.2 The Designer shall not contact the permitting authorities directly on the Owner's behalf without the Owner's consent.

2.2.3.3 For projects funded by the Federal Aviation Administration (FAA) and project funded by the Florida Department of Transportation (FDOT), the Design and Engineer's Report shall comply with all FAA and FDOT requirements as promulgated by the FAA's Orlando Airport District Office and by the FDOT.

2.2.4 The Designer shall evaluate alternate solutions available and, after consultation with the Owner, recommend to the Owner those solutions which, in the Designer's judgment, best meet the Owner's requirements for the Project.

2.2.5 The Designer shall prepare a Preliminary Engineering Report which will contain the statement of the Owner's requirements for the Project, and, as appropriate, will contain schematic layouts, sketches and conceptual design criteria with appropriate exhibits to indicate the considerations involved and those alternate solutions available to the Owner which the Designer recommends. This Report shall be accompanied by the Designer's updated opinion of Construction Cost for each solution which is recommended for the Project.

2.2.6 The Designer shall submit this Preliminary Engineering Report to the Owner, and revise it as required to resolve the Owner's comments.

2.3 Schematic Design (30%)

2.3.1 Based on the approved Preliminary Engineering Report, the recommended solutions selected by the Owner and the specific modifications or changes in the scope, extent, character or design requirements of the Project agreed upon by the Owner and Designer in writing, the Designer shall prepare the preliminary design documents consisting of final design criteria, preliminary drawings, outline specifications and written descriptions of the Project. The requirements for the 30% Submittal are further defined in EDC-06.

2.3.2 The Designer shall prepare and submit a revised opinion of probable Construction Cost based upon the 30% Submittal. When required by the owner the Designer shall reconcile this estimate with an independent estimate prepared by others.

2.3.3 The Designer shall participate in a Technical Review meeting with the Owner to review and address Owner's comments on the 30% submittal. The Designer shall also prepare and submit to the Owner, no later than two (2) weeks after the Technical Review Meeting, or prior to the next submittal, whichever occurs first, a written reply to each of Owner's comments which explains how each comment is being resolved, and where the resolution will be in the plans, specifications or contract documents.

2.4 Design Development (60%)

2.4.1 On the basis of the Schematic Design documents, including the Owner's comments after review of the 30% Submittal, the modifications or changes in the scope, extent, character or design requirements of the Project agreed upon by the Owner and Designer and the revised reconciled opinion of probable Construction Cost, the Designer shall prepare for incorporation in the Contract Documents intermediate Specifications and Drawings showing the scope, extent and character of the Work to be performed and furnished by the Designer, and as further defined in EDC-06.

2.4.2 The Designer shall provide technical criteria, written descriptions, design data and completed permit application forms for the Owner's use in filing applications for permits with or obtaining approvals of such governmental authorities as have jurisdiction to review or approve the final design of the Project, and shall assist the Owner in consultations with appropriate authorities. The Designer shall not, however, directly contact such permitting authorities on the Owner's behalf without the prior consent of the Owner.

2.4.3 The Designer shall prepare and submit a revised opinion of probable Construction Cost, and define any adjustments to the estimate since completion of the 30% estimate. When required by the owner the Designer shall reconcile the 60% estimate with an independent estimate prepared by others.

2.4.4 The Designer shall prepare, as part of its 60% submittal, for review and approval by the Owner, its legal counsel and other advisors, preliminary contract agreement forms, general conditions and other conditions, and bid forms, invitations to bid and instructions to bidders, all of which will be consistent in form and substance with the standard forms and pertinent guide sheets provided by the Owner.

2.4.3 The Designer shall participate in a Technical Review meeting with the Owner to review and address Owner's comments on the 60% submittal. The Designer shall also prepare and submit to the Owner, no later than two (2) weeks after the Technical Review Meeting, or prior to the next submittal, whichever occurs first, a written reply to each of Owner's comments which explains how each comment is being resolved, and where the resolution will be in the plans, specifications or contract documents.

2.5 Construction Documents (95%)

2.5.1 On the basis of the Design Development Design documents, including the Owner's comments after review of the 60% Submittal, the modifications or changes in the scope, extent, character or design requirements of the Project agreed upon by the Owner and Designer and the revised reconciled opinion of probable Construction Cost, the Designer shall prepare for incorporation in the Contract Documents final Specifications and Drawings showing the scope, extent and character of the Work to be performed and furnished by the Designer, and as further defined in EDC-06.

2.5.2 The Designer shall prepare, and include in the 95% submittal, for review and approval by the Owner, its legal counsel and other advisors, final contract agreement forms, General Provisions and supplementary conditions, and bid forms, invitations to bid and instructions to bidders.

2.5.3 The Designer shall participate in a Technical Review meeting with the Owner to review and address the Owner's comments on the 95% submittal. The Designer shall also prepare and submit to the Owner, no later than two (2) weeks after the Technical Review Meeting, or prior to the next submittal, whichever occurs first, a written reply to each of the Owner's comments which explains how each comment is being resolved, and where the resolution will be in the plans, specifications or contract documents.

2.6 Bid Documents

2.6.1 The Designer shall participate in a Technical Review meeting with the Owner to review and address Owner's comments on the 100% submittal. The Designer shall also prepare and submit to the Owner, no later than one (1) week after the Technical Review Meeting, or prior to the next submittal, whichever occurs first, a written reply to each of Owner's comments which explains how each comment is being resolved, and where the resolution will be in the plans, specifications or contract documents. The Designer shall resolve all of the comments from the Owner's review of the 95% Submittal, and modify the Specifications, Drawings and Bid Documents accordingly to produce the 100% complete Bid Documents.

2.6.2 The Designer shall prepare and submit an updated opinion of probable Construction Cost and define any adjustments to the estimate since completion of the 95% estimate. The Designer shall reconcile the 100% estimate with an independent estimate prepared by others.

2.7 Bidding and Award

2.7.1 The Designer shall assist the Owner in advertising for and obtaining bids or proposals for the contract for construction, materials, equipment and services; maintain a record of prospective bidders to whom Bid Documents have been issued; attend Pre-Bid Conferences; reproduce and distribute Bid Documents and Addenda to the Owner, plan rooms and prospective Bidders; and receive and process payments, if any, for Bid Documents.

2.7.2 The Designer shall prepare and issue Bid Addenda, as required, to clarify, correct or change the Bid Documents.

2.7.3 The Designer shall attend the Bid Opening, prepare bid tabulation sheets and assist the Owner in evaluating bids or proposals and in assembling and awarding contracts for construction, materials, equipment and services. The Designer will review bids and proposals and any relevant market conditions related to such bids, and provide a written evaluation thereof, including a detailed analysis of bids potentially subject to award which may appear to be unreasonably higher or lower than the reconciled estimate (when applicable), and provide a recommendation to award. The Designer shall note in the evaluation any irregularities, deviations, qualifications or conditions set forth in such bids or proposals.

2.8 Construction Phase

2.8.1 The Designer shall attend the Pre-NTP and Pre-Construction Conference meetings conducted by the Owner prior to the start of construction activities.

2.8.2 The Designer shall prepare, reproduce and distribute Contract Documents and Specifications, and Conformed Contract Documents and Specifications to the Owner, Contractor and the Owner's Authorized Representative (OAR).

2.8.3 The Designer's role during the Construction Phase is to assist the Owner and OAR in the administration of the construction contract. Specific duties of the Designer are further defined in the General Provisions, which are included by reference in the Agreement during the Construction Phase of the Project.

2.8.4 The Designer shall attend the Owner's Job Coordination Meeting (JCM) meetings during the term of the construction contract. These meetings will be typically held every two weeks or as otherwise directed by the Owner.

2.8.5 The Designer shall make visits to the site at intervals appropriate to the various stages of construction in order to observe, as an experienced and qualified design professional, the progress and quality of the various aspects of the Contractor's Work. Such visits and observations by the Designer are not intended to be exhaustive or to extend to every aspect of the Work in progress, or to involve detailed inspections of the Work beyond the responsibilities specifically assigned to the Designer in this Agreement and the Contract Documents, but rather, entail a general observation of the Work based upon the Designer's exercise of professional judgment in accordance with the governing standard of care. During each site visit, the Designer shall check that the Contractor is maintaining accurate and up-to-date As-Built Drawings on site. Based upon information obtained during such visits and such observations, the Designer shall endeavor to determine if such Work is proceeding in accordance with the Contract Documents, and the Designer shall submit written reports to the Owner after each site visit to keep the Owner informed of the progress and observed quality of the Work. Such reports shall specifically identify, following such general observation, any deviations from plans, specifications, or codes, any defects, and any unsafe conditions, identified by the Designer.

2.8.6 The Designer shall not, during such visits to the site, or as a result of such observations of the Contractor's Work in progress, supervise, direct or have control over the Contractor's Work nor shall the Designer have authority over or responsibility for the means, methods, techniques, sequences or procedures of construction selected by the Contractor, for safety precautions and programs incident to the Work of the Contractor or for any failure of the Contractor to comply with laws, rules, regulations, ordinances, codes or orders applicable to the Contractor's furnishing and performing the Work. Accordingly, the Designer neither guarantees the performance of any Contractor nor assumes

responsibility for any Contractor's failure to furnish and perform its Work in accordance with the Contract Documents.

2.8.7 During such visits and on the basis of such observations, the Designer shall submit a written recommendation to the OAR, with a copy to the Owner, recommending disapproval of or rejection of the Contractor's Work while it is in progress or after completion if the Designer believes that such Work will not produce a completed Project that conforms generally to the Contract Documents or that it will prejudice the integrity of the design concept of the completed Project as a functioning whole as indicated in the Contract Documents.

2.8.8 The Designer shall issue necessary clarifications and interpretations of the Contract Documents as appropriate, and when requested by the OAR, to allow the orderly completion of the Work. Such clarifications and interpretations will be consistent with the intent of and reasonably inferable from the Contract Documents.

2.8.9 The Designer shall receive from the OAR all Contractor requests for Contract Modifications in the Work, including adjustments to the Contract Sum. Within five (5) working days after receipt, the Designer will respond to the Owner and OAR with a written recommendation of approval, adjustment or rejection for entitlement to such request. If the Designer determines that anything less than full entitlement exists, the response shall include an explanation with specific references to the applicable sections of the Contract Documents and Drawings which support the finding of partial or no entitlement. The OAR, at the Owners request, shall prepare the Change Orders, Construction Change Directives and Minor Change in the Work and will make available to the Designer. When specifically requested by the Owner the Designer shall prepare, reproduce and distribute drawings and specifications to describe the changes in the Work, and shall assist with the permitting of same. The Designer shall review and sign the Owner's executed Contract Modifications within five (5) working days unless specifically extended by the OAR.

2.8.10 The Designer shall review and take other appropriate action in respect of Shop Drawings and Samples and other data which the Contractor is required to submit, but only for conformance with the information given in the Contract Documents and compatibility with the design concept for the completed Project as a functioning whole as indicated in the Contract Documents. Such reviews and other action will not extend to means, methods, techniques, sequences or procedures of construction or to safety precautions and programs incident thereto.

2.8.11 The Designer shall evaluate and determine the acceptability of substitute materials and equipment proposed by the Contractor, but subject to the provisions of the Contract Documents, and submit a written recommendation to the OAR.

2.8.12 The Designer may require special inspections or tests of the Work, and shall receive and review all certificates of inspections, tests and approvals required by laws, rules, regulations, ordinances, codes, orders or the Contract Documents. The Designer's review of such certificates will be for the purpose of determining that the results certified include compliance with the Contract Documents and will not constitute an independent evaluation that the content or procedures of such inspections, tests or approvals comply with the requirements of the Contract Documents. The Designer shall be entitled to rely on the results of such tests.

2.8.13 The Designer shall render the initial decisions on all claims of the Owner and Contractor relating to the acceptability of the Work or the interpretations of the requirements of the Contract

Documents pertaining to the execution and progress of the Work. In rendering such decisions, the Designer shall be fair and not show partiality to the Owner or Contractor and shall not be liable in connection with any decision rendered in good faith in such capacity.

2.8.14 Based upon the Designer's on site observations as an experienced and qualified design professional and on review of Applications for Payment and the accompanying data and schedules, the Designer shall review the OAR's recommended amounts for payments to the Contractor. Such review of the recommendations of payment and timely signature will constitute the Designer's representation to the Owner and OAR, based upon such observations and review, that, to the best of the Designer's knowledge, information and belief, the Work has progressed to the point indicated, the quality of such Work is generally in accordance with the Contract Documents (subject to an evaluation of such Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Contract Documents and to any other qualifications stated in the recommendation), and the conditions precedent to the Contractor's being entitled to such payment appear to have been fulfilled insofar as it is the Designer's responsibility to observe the Work. In the case of unit price Work, the Designer's recommendations of payment will include review of the OAR's determinations of quantities and classifications of such Work (subject to any subsequent adjustments allowed by the Contract Documents).

2.8.14.1 Assist the OAR with the review, and negotiate as necessary, the Contractor's Schedule of Values to reach a mutually acceptable form prior to the First Application for Payment.

2.8.15 Following notice from the OAR that the Contractor considers the entire Work ready for its intended use, the Designer, Owner and OAR, accompanied by the Contractor, shall conduct an inspection to determine if the Work is substantially complete. If, after considering any objections of the Owner, Contractor and OAR, the Designer considers the Work substantially complete, the Designer shall recommend the issuance of a Certificate of Substantial Completion to the Owner by the OAR.

2.8.16 The Owner, OAR and Designer shall conduct a final inspection to determine if the completed Work of the Contractor is acceptable so that the Designer may recommend, in writing, final payment to the Contractor.

2.9 Project Close-Out

2.9.1 The Designer will prepare the Record Documents based upon the As-Built Drawings and Documents received from the OAR. The OAR will have reviewed and accepted the Contractor's As-Built Drawings and Documents when in their opinion they meet the intent of the Contract Documents and field observations. The Designer will prepare a complete set of Record Drawings representing, to the best of their knowledge, the as-built conditions of the Work, as further detailed in EDC-06.

2.9.2 The Designer will review all Close-out Documents and Manuals for conformance with the Contract Documents.

2.10 Project Budget and Designer's Opinions of Probable Cost

2.10.1 The Designer's opinions of probable Construction Cost provided for herein are to be made on the basis of the Designer's experience and qualifications, and represent the Designer's best judgment as an experienced and qualified design professional generally familiar with the construction industry.

2.10.2 If, at any time during the design of the Project, the Designer determines that the probable Construction Cost of the Work exceeds the budget established by the Owner, the Designer shall immediately advise the Owner in writing with an explanation of the cause of the anticipated cost overrun and recommendations on how to reduce the probable Construction Cost to within budget.

2.10.3 In the event that the lowest bona fide bid or proposal for construction of the Work exceeds the Designer's Opinion of Probable Construction Cost by 10% or greater, the Owner may, at the Owner's sole discretion, require the Designer, without additional compensation, to modify the Bid Documents and Drawings as required to reduce the Construction Cost to within the Owner's budget for the Work, and to provide all the Services associated with readvertising for construction bids, including reproduction and distribution of documents, and advertising costs. The modifications necessary to accomplish this reduction in Construction Cost shall be subject to the Owner's approval, and shall not change the basic intent or function of the Project.

2.11 Verification of Existing Conditions at Site

2.11.1 The Designer shall verify all existing conditions at site which may impact the design and construction of the Project and shall clearly indicate all such existing conditions on the Drawings in accordance with the requirements defined in EDC-06. All major systems, such as electrical, mechanical and plumbing, shall be field verified regardless of whether the system is impacted by the Project.

2.12 Design Phase Services

2.12.1 The Consultant agrees that the milestone dates shown on this Schedule for performance of the Services, including submittal and 100% completion of design dates, are reasonable, and the Consultant will complete all Services accordingly.

2.13 Owner's Representative

2.13.1 The Owner's Representative will have complete authority to transmit instructions, receive information and interpret and define the Owner's policies and decisions with respect to the Designer's Services for the Project, provided that such direction does not impact the scope, budget or schedule for the Services. The Owner's direction that impacts the scope, budget or schedule of the Services must be documented and must be signed by the Owner's Deputy Executive Director of Facilities.

2.14 Coordination

2.14.1 The Services to be performed by the Designer require the Designer, the OAR and the Contractor to work together harmoniously. The Designer, the OAR and the Contractor shall respond fully and promptly to each other's requests for information and advice, and each shall give due consideration to the advice and suggestions of the other. The Designer, OAR and Contractor shall cooperate with one

another in all matters. If the Designer, OAR or Contractor disagree on any matter, they shall promptly refer the matter to the Owner for resolution.

2.14.2 The Designer is required to coordinate with the other Designers, Contractors and OARs working on adjacent and/or concurrent projects to resolve issues related to the Work. The Designer is also required to coordinate among the various departments of the Owner, the Owner's tenants, the airlines and all other organizations which may be affected by the Work. The Designer is responsible for anticipating when this coordination is required and the parties that are affected, and for notification of the Owner that the coordination is required. When requested by the Owner, the Designer shall proceed with initiating the coordination, including all follow-up necessary to ensure successful resolution of the issues.

END OF EDC – 09, DESIGNER’S GENERAL SCOPE OF SERVICES

Document No:

GOAA-EDC – 09A

Title:

A/E BACKCHARGE PROCESS

SECTION 1 – OBJECTIVE

1.0

To establish the process through which an Architectural/Engineering (A/E) firm providing design services for the Authority may be responsible for the cost of any changes or impacts incurred during construction in the event that the cause assigned to a Change Order, by the Authority, is the result of an error or omission by the A/E (i.e., “A/E Backcharge”).

SECTION 2 – GENERAL

2.0

The Authority employs professional A/E firms to provide design and construction administration services for construction projects. While these professionals are accountable for the technical accuracy and quality of their work, mistakes may occur in the rendition of their work. Construction plans and contract documents may contain errors or items that may have been omitted, resulting in cost and time impacts on a project. When design errors and omissions rise to the level of professional negligence, the Authority may pursue recovery for certain project costs. The Authority recognizes there are factors in any project that may contribute to design errors or omissions, including but not limited to design time or project complexity. The Authority will consider such factors when determining if an A/E Backcharge is warranted.

SECTION 3 - DEFINITIONS

3.0 A/E Backcharge

The charge assessed to an A/E by the Authority for reimbursement of added Contract costs or credits to earned fees due to the A/E's errors or omissions that are beyond the Due Care.

3.1 Due Care (a.k.a. “Standard of Care”)

The Consultant shall use professional standards of care and performance to perform all Services in such quality and sequence, and in accordance with such reasonable time requirements and reasonable written instructions, as may be requested or provided by the Owner and as required by the Project. The Services must be provided in a manner that is consistent with the level of reasonable care, skill, judgment and ability provided by professionals providing a similar type of Service in the same geographic area.

3.2 Negligence

Negligence is the failure to exercise Due Care. Legal liability is imposed on a person or entity that is negligent when such negligence causes damage or additional costs to some other person or property to whom the negligent party owes a duty recognized by law.

3.3 Errors

There are two types of design errors: 1) those errors discovered and corrected before the Contractor has provided incorrect equipment and/or materials or performed incorrect construction, in which case the A/E backcharge is treated as defined below for Premium Cost; and 2) those errors discovered after the Contractor has provided incorrect equipment and/or materials or performed incorrect construction, in which case the A/E backcharge is treated as defined below for the Whole Cost.

3.4 Omissions

An item that is omitted from the Contract Documents which should have been included in the Contract Documents. The A/E has liability to pay the difference of Premium Cost (as defined below), if any, even though the omitted item may be an “added value” to the Authority.

3.5 Whole Cost (a.k.a. “Rework”)

Whole Cost backcharges originate from errors which require a portion of the work to be repeated as a result of the error. The A/E is liable for the entire cost of the change, including the removal of the original work, construction of the replacement work, replacement of equipment and materials, and any additional fees incurred by the Authority for Design, Construction Administration and the Authority’s Owner’s Authorized Representative (OAR) services. Whole Cost backcharges also includes liability for Contractor’s Claims caused as a result of A/E negligence. The A/E’s liability includes the entire amount that it takes the Authority to settle the claim plus applicable Indirect Costs (as defined below.)

3.6 Premium Cost

Premium Cost backcharges originate from design errors and omissions which do not require work to be repeated but which do require additional components to be added to the Project to achieve the intended scope of the Project. The A/E is liable for premiums associated with settling the changes in a non-competitive and non-bidding environment, and taking into consideration price escalations in materials, equipment and labor. The percentage used for calculating “premium cost” will normally be 10% of the added construction cost, but may be modified based on evidence of actual costs.

3.7 Indirect Cost

Indirect Cost backcharges originate from Whole Cost or Premium Cost backcharges and include Lost Revenue, Lost Profit, Lost Rental Value, Delays, Disruptions, Time Extensions, Acceleration, Escalation on Material, Storage Costs, Interests, Additional Administrative Costs, Overhead, and any other indirect costs that result from an error or omission.

3.8 Project

Any study, design or construction project undertaken by the Authority.

SECTION 4 - METHODS

4.0

The A/E Backcharge process commences prior to the preparation of Change Orders (CO) and Bulletins or Field Change Orders (FCOs) that could result in A/E Backcharges. If the OAR determines that a CO, Bulletin or FCO item could be the result of an error or omission, the OAR will notify both the A/E and the Authority in writing during processing of the Change Order Agenda for Construction Committee, and if possible, prior to processing of a Bulletin or FCO. The notice will provide a copy of the draft CO Agenda for Construction Committee, Bulletin or FCO which includes the OAR's initial determination of the category and amount of the proposed backcharge (i.e., Whole Cost, Premium Cost, and/or Indirect Costs) resulting from the Error or Omission. The notification shall advise that, per the A/E's Agreement with the Authority, the described change may result in an A/E Backcharge. The A/E is expected to review the information and to respond, in writing, to the OAR either agreeing that there is basis for a potential A/E Backcharge, or if not, then stating the reasons why the A/E considers that the A/E Backcharge is not justified.

4.1

The OAR will review the A/E's response and make a further determination of whether to continue to recommend an A/E Backcharge to the Authority. If the determination by the OAR is to continue with a recommendation for A/E Backcharge, then the OAR will submit this recommendation, including any rebuttal received from the A/E, to the Authority for approval.

4.2

If, after reviewing the Contractor's RCO Submission or the A/E's response, the OAR or the Authority determines that A/E Backcharges are not warranted, the OAR will notify the A/E withdrawing its notification of the potential A/E Backcharge.

4.3

After the Change Order is approved by the Authority, the OAR will add the proposed A/E Backcharge amount to a log maintained for this purpose on each project. The A/E Backcharge entry will include

- (a) the number of the Change Order
- (b) the number of each item on the CO for which an A/E backcharge is recommended
- (c) the description of each item of work
- (d) the CO value of each item of work
- (e) the value of the proposed backcharge
- (f) the reason why a backcharge is proposed
- (g) how the backcharge value was determined, and
- (h) when the backcharge was reviewed with the A/E and a summary of the A/E's rebuttal, if any.

The OAR and the Authority will periodically review the A/E Backcharge log with the A/E to provide the A/E with the opportunity to present additional information for further consideration. If, after such a review, the Authority agrees that a particular backcharge is no longer recommended, each such item will be noted as Resolved/No Backcharge Recommended, including a statement of why the recommendation has been changed on the log. The overall value of A/E backcharges will be reviewed throughout the course of the Project and during the Project Close-out phase.

4.4

During construction of the Project and at the Project Close-out phase, the OAR will send a copy of the A/E Backcharge Log to the A/E. Prior to the OAR forwarding the final recommendation to the Authority, the OAR and Authority will meet with the A/E to discuss all remaining proposed A/E backcharge issues. The purpose of this meeting is to ensure that both parties fully understand the issues and this session could present new facts that were not known or understood when the Change Order was processed. The OAR will forward its final recommendation to the Authority following the conclusion of this meeting.

4.5

Consideration will be given to the following during preparation of any A/E backcharge recommendation:

4.5.1 The recommended actual A/E backcharge amounts will take into consideration such factors as described in Section 2.0 above.

4.5.2 Consideration will also be given towards the A/E's history of responsiveness when faced with design or construction issues. Those A/E's that performed well and worked diligently to quickly resolve design or construction issues during construction may be assessed more leniently than those firms that responded defensively or did not contribute effectively to timely resolution.

4.5.3 The total amount of additional construction costs attributed to errors and omissions will be compared to the total cost of all construction, including change orders, expressed as a percentage. If this percentage is lower than industry averages for Due Care on similar type work, and if no evidence of negligence exists, then recommendation will be for no A/E backcharge.

4.5.4 Step One: Determine the percentage of construction cost attributed to design errors and omissions using the following formula:

$$c = b / a$$

Where,

a = original construction cost (awarded amount)

b = total change order cost attributed to design errors and omissions

c = percentage of construction cost attributed to design errors and omissions

Step Two: Define the Due Care Percentage (industry average) to be used

d = Due Care Percentage (industry average)

Step Three: Calculate the final recommended A/E backcharge amount using the following conditions:

- If $c \leq d$ then $f = 0$, except in cases where negligence exists
- If $c > d$ then $f = e - 0.10 \times a \times d$

Where,

c = percentage of construction cost attributed to design errors and omissions (from Step One)

d = due care percentage (from Step Two)

a = original construction cost (awarded amount)

e = total potential A/E backcharge amount (from A/E backcharge log)

f = final recommended A/E backcharge amount

4.5.5 In the Authority's sole discretion, the Authority may choose to evaluate separately instances of negligence that had a particularly notable impact to the Project. For these specific items of negligence, special consideration will be given whether to assess backcharges related directly to the item or items caused by the negligence, regardless of the overall percentage of changes resulting from errors and omissions. If the Authority decides to treat one or more of these items as separate issues, the backcharge for each item will be determined on the basis of the Whole Cost and Indirect Cost for that item.

4.6

Upon receipt of a final proposed A/E Backcharge recommendation from the OAR, the OAR's recommendation will be reviewed by the Authority's Director of Construction or designee. Upon acceptance and concurrence of the OAR's recommendation by the Director of Construction, the proposed A/E Backcharge recommendation will then be forwarded to the Deputy Executive Director-Facilities who will review the recommendation. The Authority's review may include interviews or discussions with the A/E and any other members of the contract team if necessary. The Deputy Executive Director - Facilities will make a recommendation to the Construction Committee on the assessment of A/E Backcharge amounts and notify the A/E. If approved by the Construction Committee, the recommended assessment of backcharge amounts will be made by deducting remaining fees owed the A/E or direct payment from the A/E to the Authority.

4.7

The A/E will have five (5) business days following the Construction Committee Meeting approving the Final A/E Backcharge, in which to object in writing, to the Chair of the Construction Committee, to the committee decision. Failure to object in a timely manner constitutes acceptance of the A/E Backcharge. Upon timely objection, mediation will be scheduled between the parties no later than thirty (30) days after receipt of such objection. The Authority will determine future action at the conclusion of mediation, which in its sole discretion may include binding arbitration under the auspices of the American Arbitration Association or litigation in the Circuit Court of Orange County, Florida.

Each invoice shall include a summary spreadsheet showing total hours spent to date, total hours billed on the current invoice, and the hourly rate for each position that is to be compensated on a Reimbursable Fee basis. Timesheets are not required to be submitted with each invoice, but the Consultant shall maintain timesheets for all individuals billing for Services under this Agreement in the event that an audit is required.
4. The Not To Exceed Reimbursable Expenses, if any, shall be invoiced on an actual cost basis. Reimbursable expenses shall be limited to deliverables requested by the Owner. Justifications must be included in the "Comments" box for the related expense within the Expense Report.

Requirements for Final Approval. Final approval for any Request or Expense Report is the responsibility of the Authorized Approver(s), as determined within this policy. Travel for all Authorized Approvers, with the exception of the Chief Executive Officer, must be approved by their direct manager or a higher authority. Travel for the Chief Executive Officer shall be approved by the Vice President of Finance.

**Special
Conditions of
Travel**

Departmental Responsibilities. The department's Authorized Approver shall be responsible for reviewing all travel requests and ensuring their compliance with policy. Additionally, the Authorized Approver is responsible for ensuring all approved travel has been properly budgeted. While Authorized Approvers are authorized to delegate approval of travel to a named designee, nonetheless, the Authorized Approver is ultimately responsible for the appropriateness, accuracy, and budget for all travel within their respective department(s).

Travel Services' Responsibilities. Review and validate all Requests and Expense Reports for compliance with Aviation Authority policy and with any travel related directives issued by the Chief Executive Officer.

Travelers Other Than Authority Board Members or Employees. The Chief Executive Officer or Executive Vice President may approve travel by persons who are serving as Business Associates when such travel is on behalf of the Aviation Authority (excluding those consultants and advisors whose contract specifies the terms of travel). Travel Expense provisions may be made within the consulting agreement and approved as part of the agreement, subject to the maximum limits for reimbursement provided for in this policy. If no provision is reflected in the agreement, complete justification must be submitted prior to approval. Travel Expenses for authorized persons shall adhere to the same rates and guidelines as those for Aviation Authority Board members, employees and other Travelers.

Joint Travel Missions. On occasion, the Aviation Authority will enter into a joint travel mission that may be for business, economic, or tourist development reasons with organizations including, but not limited to, the Orlando Economic Partnership, Enterprise Florida, Visit Orlando, Visit Florida, Experience Kissimmee, bi-national chambers of commerce and Offices of the Mayors, etc. When these joint ventures are undertaken, the Aviation Authority will pay travel costs based upon the invoice submitted by the host agency which will be generally distributed among agencies in a predetermined manner. Travel Services will perform procedures to determine that the amounts charged to the Aviation Authority are financially comparable to amounts which would be charged if the Aviation Authority were arranging the trip. Any meals, lodging or incidental expenses not included in the invoice will be reimbursed in accordance with the standard guidelines found elsewhere within this policy. All such travel shall be authorized in advance by the Chief Executive Officer or Executive Vice President.

Travel for Employment Interviews. Travel and transportation expenses of the Aviation Authority's employment applicants will be reimbursed in accordance with this policy. All travel arrangements and lodging will be

made by the Human Resources department in accordance with the Authorization of Requests in the Approvals section of this policy and approved in advance by the Chief Executive Officer, subject to available budget.

Most Economical Method. Travelers are required to use the Most Economical Method of travel. Refundable or nonrefundable airfares may be reserved as deemed appropriate under the circumstances. If a Traveler departs early or returns late to take advantage of reduced airfares, lodging and meals will be reimbursed in accordance with this policy, provided that a net savings to the Aviation Authority is realized and such savings are documented in advance within the Request.

Physically Disabled, Sick, Injured, or Fatigued Travelers. Any Traveler who is on authorized travel, and becomes sick or injured, to the extent they can no longer perform the Aviation Authority's business, may be eligible to continue receiving meal allowances, and other reasonable expenses during his or her incapacitation. This eligibility may extend until such time as the Traveler is able to continue to perform the Aviation Authority's business, or return to official headquarters, whichever is earlier.

In order to qualify, the Traveler must notify the department Vice President, Senior Vice President, Executive Vice President, or Chief Executive Officer as soon as possible, but not later than 24 hours after incurring the illness or injury, and receive authorization for continued reimbursement. Notwithstanding any provision contained herein to the contrary, the Aviation Authority may reimburse or pay Travel Expenses incurred by the physically fatigued or disabled Traveler, which are in excess of the Travel Expenses ordinarily authorized, provided such excess Travel Expenses are reasonable and necessary under the circumstances for the safe travel of the physically disabled or fatigued individual. Any and all reasonable and necessary expenses being claimed by the Traveler must be accompanied by sufficient documentation to justify the expense(s).

Emergency Travel. The Chief Executive Officer or Executive Vice President may authorize travel for any employee, Aviation Authority Board member, or other Traveler pursuant to Emergency Notice. The requirements of Authorization of Requests in the Approvals section of this policy may be waived at the discretion of the Chief Executive Officer or Executive Vice President whenever travel is pursuant to Emergency Notice. **Reimbursement
and Per Diem
Rates**

Lodging. A Traveler may be reimbursed for the actual cost of a single occupancy hotel room for travel that requires overnight absence from Official Headquarters. Lodging expenses must be substantiated by an itemized receipt.

- a. Domestic Lodging Rates. Payment for domestic lodging is limited to the group rate, if available. If a group rate is not available, lodging expenses are limited to reasonable amounts for the area traveled. Primary responsibility for the reasonableness of amounts charged rests with the Authorized Approver.
- b. International Lodging Rates. International lodging expenses are limited to reasonable amounts, not to exceed 150% of the amount published in the Standardized Regulations for the area traveled at the time of travel, or the conference rate.
- c. In-State Lodging - Tax Exemption. When reserving lodging within the State of Florida, the Authorized Traveler is responsible for ensuring exemption from sales tax.
- d. Non-reimbursable Expenses. Incidentals along with other additional fees charged to the room, including but not limited to movies, spa services, alcoholic beverages, and/or mini bar purchases will not be reimbursed.

Meals. In order to comply with the IRS regulations, two meal allowance standards are being allowed. The Traveler must elect one of the two methods, receipted or non-receipted, and apply that method consistently throughout their Travel Period.

- a. Non-receipted Meals reimburses the Traveler using a meals and incidental expense per diem allowance without the need to submit receipts. The U.S. General Services Administration (GSA) establishes the per diem reimbursement rate while traveling within the contiguous U.S. (CONUS), which includes the District of Columbia. The U.S. Department of Defense (DOD) establishes rates for travel in non-foreign areas outside of CONUS, which includes Alaska, Hawaii and U.S. Territories. The U.S. department of State establishes rates of travel in foreign areas. The meals and incidental expense (M&IE) rates for domestic and international locations are inclusive of taxes

and tips, so Travelers will not be reimbursed separately for these items.

- b. Receipted Meals allow the Traveler to be reimbursed up to a specified amount, but must be accompanied by an itemized receipt reflecting the amount spent on the meal. Receipted meal reimbursements shall not exceed 130% for domestic meals and 150% for international meals in accordance with the M&IE per diem rates as published within the Standardized Regulations for the location traveled to, at the time of travel. Receipted meals may be submitted for Travel Periods less than 12 hours.
- c. Allocation of M&IE Per Diem for Non-receipted Meals. On the Day of Travel, the Traveler will be reimbursed 75% of the applicable M&IE per diem rate. All remaining days within the travel period are reimbursed at 100% of the applicable M&IE per diem rate. Travel Periods less than 12 hours in duration are ineligible for non-receipted per diem meal reimbursements.
- d. Business Meals. Limitations on expenditures set forth above are applicable to Travelers when not accompanied by a Business Associate. When accompanied by a Business Associate, expenditures shall be made in accordance with Special Conditions of Travel section and Post-Travel Expense Reports section of this policy.
- e. Complimentary Meals. If a complimentary meal is provided, it shall be the Traveler's option to accept or decline the meal. Continental breakfasts or snacks do not constitute a complimentary meal. If the Traveler opts to accept a complimentary meal, this shall be indicated within the Travel Expense Report and will result in a reduction of the M&IE per diem meal reimbursement for the applicable day(s).

Transportation

General Requirement. All travel shall be booked using the most direct route or common method of travel when possible. If a person travels by an indirect route or any other method for their own convenience, any extra costs shall be borne by the Traveler. Reimbursement of expenses shall be based only on charges which would have been incurred by use of the usually traveled route or method.

Travel Services shall review the Most Economical Method of travel and the usually traveled direct route for any trip.

Commercial Air Travel. Commercial air travel will be by premium economy (or equivalent as designated by an airline). First class rates may be authorized, (1) if a statement from the Common Carrier or Travel

Services or its authorized representative is included with the travel request stating that premium economy class, or business class as described below, is not available for the date and time the travel is requested, or (2) for medical reasons, if substantiated in writing by a physician.

- a. Seat Classification. To avoid or minimize undue physical fatigue due to length of trip, number of travel segments, or changes in time zones, Traveler may book travel in business class if any flight segment or leg of a trip, excluding the duration of any layovers, exceeds 4 hours. For purposes of this section, the term "business class" shall mean a class of travel for which the fare is greater than tourist, coach, or premium economy class but which is less than first class.
- b. Complimentary Upgrades. Authorized Travelers will not accept a Complimentary Upgrade of seating on any flight. If an Authorized Traveler is deemed to have accepted a Complimentary Upgrade, the Authorized Traveler will pay to the airline the lowest calculated difference between the class of travel purchased and the upgraded class.

The following are not considered Complimentary Upgrades:

- Use of frequent flyer miles or other upgrade benefits to obtain a higher class of airfare.
- Use of system-wide upgrades.
- Compensation paid to passenger who qualifies as Denied Boarding Customer (DBC).
- Standby Seats assigned by the airline, regardless of seat assignment.

Car Rentals

- a. Authorization. Use of a rental car must be deemed to be the most economical, convenient and/or efficient form of transportation.
- b. State Contract. When renting a vehicle, the approved vehicles shall be rented in accordance with the intermediate size vehicle listed on the annual contract for rental cars competitively bid by the State of Florida when available. Justification for use of a rental vehicle larger than an intermediate size described in the State contract, which is required to transport Business Associates or materials, must be included in the comments field of the travel request.
- c. Insurance. Collision damage waiver insurance is required when renting a car for business travel. Normally, the State Contract for rental cars includes this coverage in the rental rate for Travelers.

Privately Owned Vehicles. The Authorized Approver may authorize the use of a privately-owned vehicle for travel on behalf of the Aviation Authority in lieu of Aviation Authority-owned vehicles, rental vehicles, or Common Carriers.

A Traveler who requests, and is approved the use of a privately-owned vehicle, shall be entitled to a mileage allowance in accordance with the IRS published mileage reimbursement rate. The mileage allowance for Travelers shall be reimbursed at the IRS published mileage reimbursement rate or the air carrier fare for such travel, whichever is less.

All travel which is subject to a mileage allowance shall be shown from point of origin to point of destination and return, less mileage for the Traveler's standard commute, and shall be computed using a web based mapping program or mileage calculator.

No reimbursement other than a mileage allowance shall be allowed for expenditures related to the operation, maintenance or ownership of a privately-owned vehicle, except as provided above and in the Incidental Expenses section herein this policy.

- a. Auto Allowance. The Chief Executive Officer may grant reasonable monthly allowances in fixed amounts for use of privately-owned vehicles on Aviation Authority business instead of the mileage allowances provided for herein. Such allowances shall be established by taking into account the customary use of the vehicle, the roads customarily traveled and whether any of the expenses incidental to the operation, maintenance or ownership of the vehicle is paid from public funds. Such allowance may be changed at any time, and shall be made on the basis of a statement signed by the Traveler and filed before the allowance is granted or changed, and may be evaluated annually thereafter.

Chartered Transportation. The Chief Executive Officer or Executive Vice President may authorize, in advance, transportation by chartered vehicle or carrier when necessary or where it is to the Aviation Authority's advantage, provided the cost of such transportation does not exceed the cost of transportation by a Common Carrier.

Gratuitous Transportation. No Traveler shall be allowed either mileage or transportation expense when gratuitously transported by another, or when transported by another Traveler who is entitled to mileage or transportation expense.

**Receipts, Tips,
and Incidental
Expenses**

Receipts. Receipts are required to support all expenditures with the exception of select cash tips, per diem reimbursements for M&IE, and mileage reimbursement. Receipts shall be attached to the Travel Expense report prior to submission. In accordance with IRS regulations, receipts are always required to support lodging expense. These receipts must be itemized lodging bills and not credit card receipts. If, for any reason, an original receipt is lost and/or unobtainable, the Traveler must submit a Missing Receipt Declaration within the Aviation Authorities' T&E Application.

Tips. Reimbursement for tips shall not exceed the recommended amount at the time of travel for the location traveled as set forth by Travel Services.

Incidental Expenses. The Authority may reimburse the Traveler for incidental expenses in accordance with policy if a proper substantiation of business need has been provided. Incidental expenses may include, but are not limited to the following: Passport/Visa fees, currency exchange fees, immunizations, vehicle storage or parking, toll transponder and gas for rental car, tolls, laundry and pressing (for Travel Periods over 4 days), in-flight wi-fi, or additional travel related incidentals of nominal cost necessary for authorized travel.
