

Upcoming Construction Projects (Posted May 2023)

The Greater Orlando Aviation Authority (GOAA) has an ongoing construction program and will be advertising for bids on various construction projects. This program includes both building construction and civil work at Orlando International Airport and Orlando Executive Airport.

For federally funded construction projects, GOAA has adopted the Disadvantaged Business Enterprise (DBE) policy. For non-federally funded construction projects, GOAA has adopted the Minority and Women Business Enterprise (MWBE) Policy, the Local Developing Business Enterprises (LDB) Policy, and the Veteran Business Enterprise (VBE) Policy. Participation goals will be established by GOAA on a project-by-project basis.

The below listed projects are scheduled to be advertised and/or bid during the next three months.

ORLANDO INTERNATIONAL AIRPORT (MCO)

TERMINAL C COMPLEX

The Aviation Authority has embarked on a multi-year Capital Improvement Program for the construction of the Terminal C Complex at the Orlando International Airport. Construction of the Terminal C Landside and Airside Terminal Facilities is underway with a Phase 1/Phase 1 Expansion completion date of 2025.

BP-S00198-MCO Terminal C Multi-Modal Connector Pedestrian Bridge and Rental Car Lobby (Design/Build)

CONSTRUCTION VALUE: Between \$80M and \$100M
ADVERTISE: November 2022 BIDS DUE: May 2023

PROJECT DESCRIPTION: Design and construction services required to complete the construction of approximately 450 ft. of an elevated, enclosed and conditioned pedestrian walkway and adjacent rental car lobby area on the north side of the pedestrian walkway that will directly connect the Terminal C with the existing multi-modal facility that will serve up to four forms of passenger rail and all forms of public and private ground transportation. The Project must comply with the Americans with Disabilities Act, provide accessibility for all individuals, and include four moving walkways, and elevators, escalators and stairs. The Project includes rental car counters and queuing areas, multi-use information displays, interior landscaping, and preservation of all future capabilities for baggage right-of-ways and connection to future facilities and parking facilities.
